Advanced Learners Report

2023-2024(Odd)

Subject Teacher is responsible for carrying out different aspects of advanced learner identification and activities to be conducted. Subject Teachers will be responsible for conducting class tests on their respective topics on the core papers. Based on the class test of the students, the advanced learners were identified. Extra problems have been provided to the advanced learners for their needs and some extra academic activities have been given to them like preparation of presentation, Quiz, Power Point Presentation. The subjects were taught by Dr.A.J.Bertilla Jaushal, Dr. R.Abila, Dr.A.Ajitha, Mrs.I.Mary Bexy and Mrs. G.M. Dhanya. In this semester, the following students and subjects were allotted for the classes.

Two students from I B.Sc for the subjects Differential Calculus, Algebra and Trigonometry and Bridge mathematics. Also, 3 students from II B.Sc for Sequences and series, Vector calculus. Further, 5 students from III B.Sc for Abstract Algebra –II Real Analysis, Statics, Discrete Mathematics, OR and Integral Transforms and Z- Transforms. Also, 5 students from I M.Sc for Algebraic Structure, Real –I, ODE, Graph Theory and Algebraic Number Theory. Furthermore 5 students from II M.Sc for Advanced Algebra-I, Graph theory, Measure and Integration and TopologyI. Staff motivated the students to learn questions with understanding. Exhaustive coaching was given and therefore all the attended students were scored good marks in the university examination.

Measures taken for Advanced Learners
(2023-2024) Odd.

We identify the following students as advanced learners in each class. Special coaching classes offers to these students in UG and PG classes. We motivate these students to get university ranks. Also, we provide model questions to the students and also give practice problems to solve from the reference books.

Methodologies for Advanced learners.

- * Student seminar
- * Group Discussions
- * Quizzes
- * Powerpoint presentations
- * Question Bank preparation.

Adapting these methodologies helped students to transform from being passive to active in the process of learning. The advanced learners in this semester are as follows:

class: I, II, III B.sc Mathematics
I, II M.sc Mathematics

The department of mathematics has conducted advanced learner classes for students from I B.sc Maths, 3 students from II B.sc Maths, 5 students from III B.sc Maths, 5 students each from I and II M.sc Maths. Students were identified based on their marks in the internal test. The staff motivate them to learn. All the five units were revised by the concerned staff and provide university questions for their preparation. Tests were conducted and evaluated.

The department of Chemistry conducted a advanced learners class for B.Sc. Chemistry & M.Sc. students through online mode. Students were identified based on their performance in the Internal test. From each class top students were selected and gave special coaching to get more marks in their exams. Totally 24 students attended this class. All the five units were revised by the staff and students were provided with previous year university question papers for preparation. Students were also provided with Question bank for effective preparation and greater understanding of subjects and motivate the students to got University ranks.

REPORT ON ADVANCED LEARNERS

Year : 2023-2024

Semester: Odd

Aim: To motivate and encourage the students to attain more marks and become rank holders.

Objectives: The objective of advanced learners is to make them role models in studies and all aspects which help them to provide additional help to students who lag far in the subjects provided in the curriculum.

Advanced learners are identified based on their skill and knowledge, thinking, behaviour pattern their abilities and talents, their learning styles and interests.

- Acceleration
- creative experiences
- sensitive handling

More attention and guidance has been given for the advanced learners. They were asked to revise the university question papers which help them to score more marks. Special classes will be provided to the students. During special classes, the respective faculty carefully observes the performances of students and give them appropriate assistance and encouragement them to acquire more learning skills and understand their own capability by enhancing self confidence. Advanced learners classes will be conducted on every Friday from 2.00 to 3.30 pm. 4 students from I. B.Sc , 3 students from II. B.Sc, 4 students from III. B.Sc, 4 students from I. M.Sc and 3 students from II. M.Sc were identified as advanced learners.

KALIYAKKAVILAI

DEPARTMENT OF COMPUTER SCIENCE

REPORT ON ADVANCED LEARNERS – EVEN SEMESTER

The Department of Computer Science provided coaching for advanced learners for the academic year 2023-2024(even semester). Advanced learners are identified based on their skill and knowledge, thinking, behaviour pattern their abilities and talents, their learning styles and interests.

Faculty members motivate the students in various levels. More attention and guidance has been given for the advanced learners. They were asked to revise the university question papers which help them to score more marks. Special classes will be provided to the students. During special classes, the respective faculty carefully observes the performances of students and give them appropriate assistance and encouragement them to acquire more learning skills and understand their own capability by enhancing self confidence. Advanced learners classes will be conducted on every Friday from 2.00 to 3.30 pm. 4 students from I. B.Sc , 3 students from II. B.Sc, 4 students from III. B.Sc, 4 students from I. M.Sc were identified as advanced learners.

REPORT OF SPECIAL COACHING FOR ADVANCED LEARNERS

ACADEMIC YEAR 2023-2024(ODD)

The Department of Physical Education provided special coaching classes for the advanced learners in the academic year 2023-2024 (odd semester). Teachers motivated the students to collect more ideas about the topics and prepare their own notes with the help of library books and internet facilities. Students were encouraged to read articles and books to improve their knowledge in various areas. In I B. Sc Physical Education 4 students, II B. Sc Physical Education 5 students and in III B. Sc Physical Education 5 students were identified as advance learner. Special coaching was provided to them weekly twice from 1.45pm to 2.45pm. Students scored high percentage of marks in the university exam.

ADVANCED LEARNERS REPORT

2023-24 (ODD SEMESTER)

The advanced learners classes were held on every Friday from 1.45pm to 2.45 pm in the college. In this session previous question papers, additional notes, power point presentations, group discussions, weekly test were conducted and discussed.

5 students from I BBA, 5 students from II BBA and 5 students from III BBA were selected for this advanced learners class.

The students are selected based on their performance in internal marks, i.e., those who scored above 20 are asked to prepare extra notes on each topic and get the signature from the concerned staff.

Students are asked to refer more books from the college and department library. They are asked to gather more information from the internet and to update their knowledge on each subject. They are also encouraged to get University ranks and were taught about the ways to present the answers in the exams for scoring more marks.

This section helped the advanced learners to know more about the syllabus and to improve their skills. The advanced learner coaching was very useful and the students are able to bring laurels to the college.

ADVANCED LEARNERS REPORT

2023-24 (EVEN SEMESTER)

The advanced learners classes were held on every Friday from 1.45pm to 2.45 pm in the college. In this session previous question papers, additional notes, power point presentations, group discussions, weekly test were conducted and discussed.

5 students from I BBA, 5 students from II BBA and 5 students from III BBA were selected for this advanced learners class.

The students are selected based on their performance in internal marks, i.e., those who scored above 20 are asked to prepare extra notes on each topic and get the signature from the concerned staff.

Students are asked to refer more books from the college and department library. They are asked to gather more information from the internet and to update their knowledge on each subject. They are also encouraged to get University ranks and were taught about the ways to present the answers in the exams for scoring more marks.

This section helped the advanced learners to know more about the syllabus and to improve their skills. The advanced learner coaching was very useful and the students are able to bring laurels to the college.
