DEBATE REPORT – SEPTEMBER 2023

As a part, of participatory learning the department of Physics organised a debate on the topic, “Is the use of Artificial Intelligence (AI) a Net Positive or Negative for Society” on 29th September at 1pm. There were two teams. A team, expressing the positive views of AI and the other team expressing the negative views of AI. Each team was engaged with 5 members each. The participants are from III B.Sc. Physics, I M.Sc. Physics and II M.Sc. Physics. The program started by 1.15pm in the presence of the Head of the department, Dr. S. Antony Dominic Christopher, the department staff members and students. On behalf of the chairperson of the debate , Mrs. Beena. V, Assistant Professor, Department of Physics the debate started with the introduction of the topic to the participant. The team members expressed their ideas and views in a very interesting and enthusiastic way. The opponents also tried to suppress other team with strong and evident thoughts. It was interesting and to here and understand the thinking ability of the students in this new AI world. The positive views expressing team was so strong in their ideas. The debate was concluded by 1.45pm.
