DEPARTMENT OF SOCIAL WORK

ACTION TAKEN REPORT BASED ON ALUMNI FEEDBACK

(2023-2024) EVEN SEMESTER

The feedback from the alumni students in the Department of Social Work leads to significant upgrades in our educational facilities. Based on their responses, we identified several key areas. To address these concerns, we implemented a series of targeted initiatives. These changes were designed to enhance the overall student experience, equip our graduates with the skills they need to succeed in their careers, and foster a more supportive and inclusive campus environment. While we are pleased with the progress we have made, we recognize that there is still room for improvement. We will continue to monitor alumni feedback and engage with our students and faculty to identify new opportunities for growth and innovation. Our goal is to create a learning environment that not only meets the needs of today's students but also prepares them for the challenges and opportunities of the future.
