

# Nanjil Catholic College of Arts and Science

Kaliyakkavilai

Department of Computer Science

Report

## 1.Solid waste Management

- The department strictly instructed to our students to maintain plastic free campus. So all students avoided to bring plastic related materials.

- All wastes from the department were collected in dustbin separately and categorized into bio-degradable and non bio-degradable, by the area cleaning staff. Bio-degradable wastes were used for the vermicompost.

## 2.Water Waste Management:

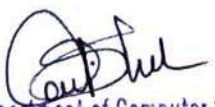

Our department boys , girls and faculty members uses wash rooms for hand wash and cleaning vessels. Waste water received from the washrooms are collected through pipes and segregated into proper drainage system and stores in the drainage tanks near the ground. Four tanks are used for that purpose.

### 3.e-Waste Management

In our department the e-waste materials were separated into scrap and waste. Reusable items were used as artistic materials such as pen stand, decorative trees etc... Non reusable waste items were dumped into common godown

**REPAIRING and WASTE MANAGEMENT**

Blown out fuse are replaced in electronics instruments. Main chord wires are open circuited often. They are replaced. Transformers (step down) in power supplies are often burnt out due to short circuit. So short circuit protection circuits are added with the power supplies. Enough transformers, fuses with different ratings & Main chords are kept sufficiently in laboratory for replacement. Technicians are invited in every year for major servicing.
