(Note: Banned Drugs Sale/Usage Whatsapp Complaint Number -9444042322)

The extensive use of alcohol/drugs within and outside educational institutions has become a serious concern nowadays. The highly energetic youth can be guided by educating and at the same time by warning against the adverse effect of alcohol/drugs. With this noble intention, NSS Unit of Nanjil Catholic College of Arts and Science Kaliyakkavilai in association with District social welfare board Kanyakumari organized an webinar for students regarding the harmful effects of alcohol and drugs. Various activities has been constituted to ensure a drug- free campus by imposing a total ban on the possession or consumption or use of drugs and alcohol by students of the college, within the campus premises and discouraging it even outside the premises. The main aim of the programme was to educate the students about the ill-effects of narcotics and alcohol, encouraging peer bonding among students against the use of drugs and reporting of any noticed use of drugs by the students to the management.

The NSS unit of Nanjil Catholic College of Arts and Science Kaliyakkavilai conducted a webinar on child and women rights. Mrs Sarojini. District social welfare Officer presided over the program. Sexual harassment is a significant issue in the community. A lot of sexual harassment is based on verbal taunts and teasing. Addressing sexual harassment is therefore an important human right issue. While everyone has the right to be free from harassment and intimidation we also have responsibility to ensure that we treat others in a way that we should expect to be treated. This idea of mutual respect is central to maintaining strong healthy communities. Not only ancient in the modern century also many of them don't know the laws and articles of women's. Women and small children are facing lots of problems in the society from the people. Even they can't get the justice .No one will asking question against those who commit mistakes against women. Rulers also don't bother about women and children.

Even the family members also sometimes don't care the women. They never think that women also have feelings. They considered women is just a thing. No one will give importance to women's .That's the reason women don't have any awareness about the women's act. many of them don't have any ideas about women's act. That's why the reason nss decided to select "VIOLENCE AGAINST WOMEN AND LAWS TO PREVENT THEM" as the topic for webinar programme.

There is a multitude of effective substance abuse prevention interventions that may have different areas of focus and can be implemented in a variety of settings. Interventions can involve the family, school, and community and may provide substance abuse prevention for an individual or a population of youth by focusing on environmental and community factors and policies, developmental factors, or skill development.. The situation of is more dangerous, where students and youth are haunted by the drug mafia. Awareness generation programmes was handled by Adv. Krishnaprasad he mainly explained about different types of drugs and he mentioned the importance for creating awareness on the ill-effects of drug and alcohol consumption, in a comprehensive manner. In his motivational speech, informed that every day India sees 10 suicides related to drug abuse. He also added that a report by the central government demonstrated that the vast majority of youth are receiving drug and alcohol prevention messages from sources such as TV, radio, posters and pamphlets, Movie ads and campaigns as this. Furthermore, the report on its special analysis showed that those who have been exposed to such messages are significantly less likely to abuse drugs.

College students engage in recreational to binge partying that involves the use of alcohol and drugs, according to reports.The more college students use drugs and alcohol, the more likely they will encounter negative consequences. Substance abuse leads to skipping classes, lower grades, and even dropping out of school . To avoid these negative consequences, it is important students participate in substance abuse prevention programs. Most, if not all, colleges have some form of prevention education for college students. However, they can vary in effectiveness.

WHO has declared the COVID-19 epidemic affecting countries as a Pandemic. COVID19 vaccination will help save lives, stabilize health systems and drive economic recovery. India rolled out the world's largest vaccination drive from January 16 to vaccinate the citizens against the coronavirus disease. The NSS UNIT of Nanjil Catholic College Of Arts and Science Kaliyakkavilai Organized a Vaccination drive for the staff members, students and community members in the college campus. Nearly 50 staff members, 64 students and 60 community people were benefitted from this drive. This vaccination drive was inaugurated by our honourable secretary. The team of frontline workers from the Primary health centre, asaripallam has successfully vaccinated our staff members. This drive was coordinated by the NSS unit coordinator Mr.krishnaprasad Assistant Professor of social work. Total 171 members vaccinated through this programme.26 nss volunteers actively participated in this programme. They monitored the maintenance of social distancing, providing sanitizers and also engaged in registration.

REPORT ON POSHAN ABHIYAN COOKING WITHOUT FIRE COMPETITION

“Learning is experience. Everything else is just information ”

Students of Nanjil Catholic college of Arts and Science Kaliyakkavilai donned their ‘Chef Caps’ to exhibit their culinary skills in ‘Cooking without Fire’ competition held on 30th September 2021. Organized by NSS Unit 147 of the college. Students participated with full zeal and enthusiasm as they doled out nutritious. Yet delectable delicacies selected post exhaustive research on the cultural backgrounds of the relevant recipes chosen based on diseases. Artefacts and food items displayed were a visual treat and were presented in an artistic and aesthetic style. Dishes were judged on nutrition and taste by esteemed judges Dr.Nice Mol and her team. They interacted with the budding chefs to find out the ingredients of the recipes, nutritional value and the historical significance of the dishes prepared by them. Judges were overawed by the efforts of the participants and results were announced amidst tough competition. First position was secured by department of physics, closely followed by chemistry which bagged the second position. The third position was shared by department of mathematics and social work. The event not only provided a platform for the students to foster their creativity and decision making skills but also helped them explore their hidden talents and discover new areas of interest. Overall 220 students participated wholeheartedly in the event. Their efforts were evaluated on the basis of five parameters: a) Dish name, b)Taste, c) Presentation, d) Calorie content and e)Hygiene. Participants infused lots of creativity and served delicious eatables to enhance the taste buds. Here the participant had to prepare an eatable without using the fire.

Competition started at 9:30a.m Sharp. Two hour was given for preparation and presentation. It was a tough time for judges to come up with the result. Every team gave a tough competition to others. All Participants were awarded with Certificates & Winners with Prizes too. Winners were also declared on the basis of individual evaluation parameter also.

Rules for fireless cooking competition

1. Participants should not bring any pre-cooked items.
2. Pre-registration mandatory
3. Three members should be in a team to participate in the event.
4. Participants are supposed to display a chart having the name, ingredients and calorie count each dish they have prepared.
5. All the items required for cooking should be brought by the participants themselves, including water, only working table will be provided.
6. Dishes should be purely vegetarian.
7. Participants can bring non-electric equipment like mixer, chopper, juicer, grater etc.,
8. The evaluation will be based on the taste of the dish, nutritional level, cleanliness and presentation, unique name of the dish

NSS Unit 147

Report on plastic awareness

The NSS Unit of Nanjil catholic college of arts and science kaliyakkavilai organised a cleanliness drive at St. Lawrence Higher secondary school Madathattuvilai on 29/10/2021. The programme was inaugurated by Dr.Y.Rajkumar former deputy director Horticulture. In order to reduce waste at school premises, students and faculty participated in waste management practices. People often lead busy lives and value convenience, as they go about their day rushing between activities and work, the purchase of single-use products is often the most convenient choice. The consequence of this convenience comes in the form of high quantities of waste. In an era where societies around the world are becoming more conscious of the issues surrounding waste, Nanjil catholic college can greatly improve its image by increasing the cleanliness drive activities.

The cleanliness drive was organised by NSS. It was implemented with the support of madathattuvilai parish council. The waste generated outside the school campus includes wrappers, glass, metals, paper, plastics, etc. Old newspapers, used papers and journal files, workshop scrap etc. are given for recycling to external agencies. Glass, metals, plastic and other non-biodegradable wastes are given to external agencies where they are segregated and disposed/ recycled according to the nature of the waste. Leaf litter is allowed to decompose systematically over a period of time to be used as manure for the gardens in the school.

WORKSHOP REPORT

Topic: Guidance for Psychosocial Counselling for Covid-19 Positive Patients and their Family Members

Date: 18/05/2021

Venue: Online Mode - Google Meet Application.

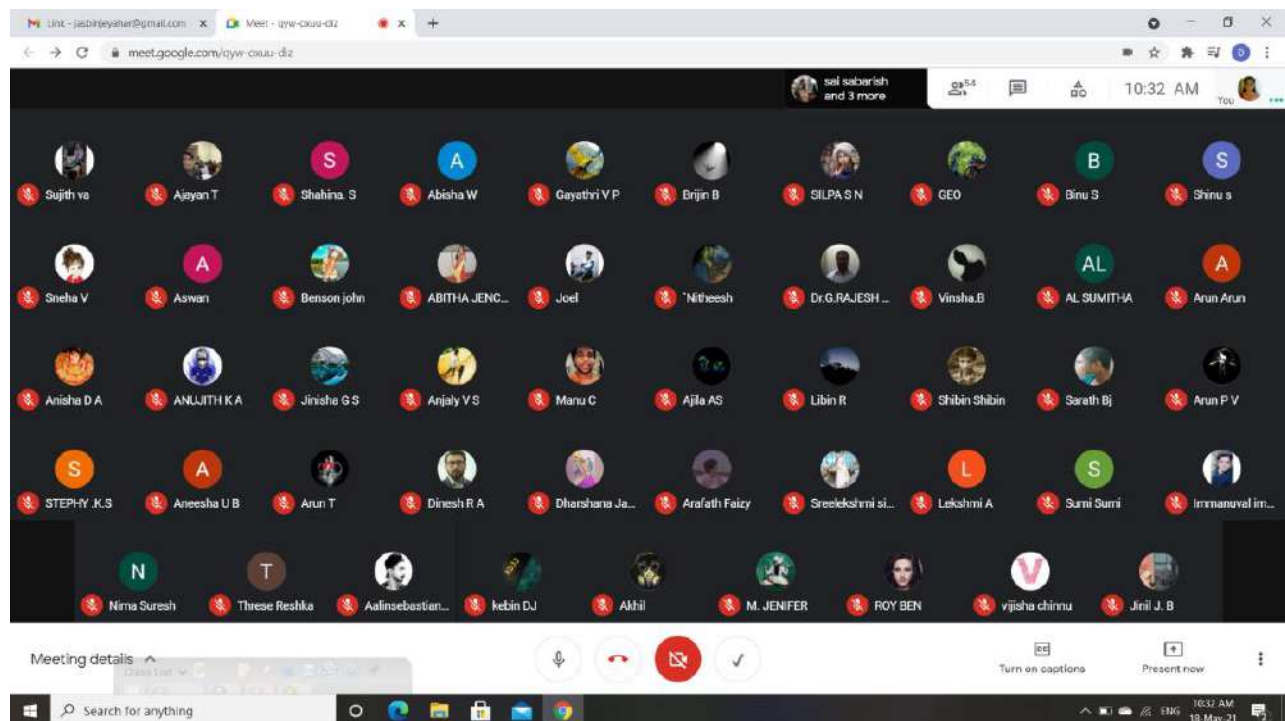

Time: 10.00 am

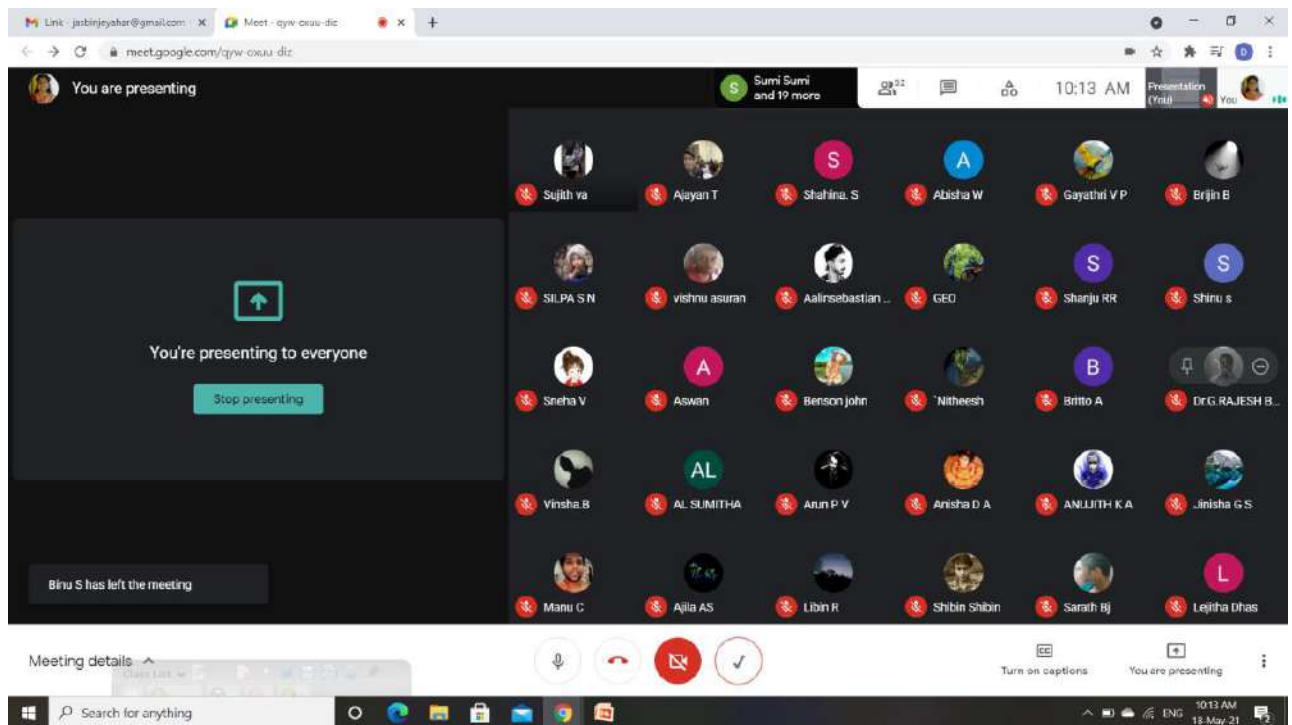

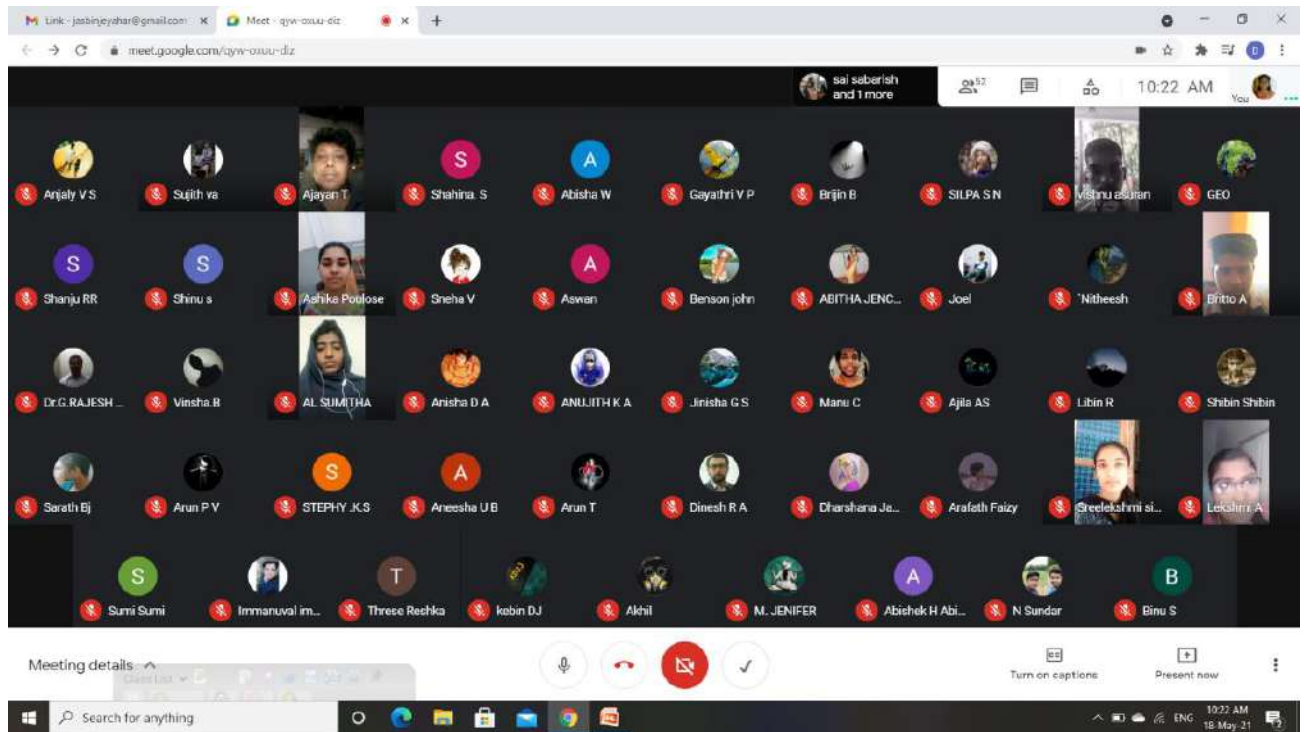

The Department of Business Administration of Nanjil Catholic College of Arts and Science, Kaliakkavilai along with Mahatma Gandhi National Council of Rural Education organised an Online Workshop on “Guidance for Psychosocial Counselling for Covid-19 Positive Patients and their Family Members” on 18th May, 2021 (Tuesday) at 10.00 am for the BBA students of Nanjil Catholic College of Arts and Science. The resource person of this session was Dr. P. Jasbin Bino, Assistant Professor, Department of Business Administration, Nanjil Catholic College of Arts and Science. The students are asked to register using the registration link <https://forms.gle/f836t9scx9aChuk7>. The platform used for this session is Google meet and the link is <https://meet.google.com/qyw-oxuu-diz>.

83 students registered using the registration link in which only 62 attended in the meeting. Out of the 62 attended only 54 were attentive and was present till the end of the meeting.

Interaction

The session was very interactive in which the resource person shared the information needed regarding the Covid-19, the signs and symptoms, how to protect ourselves, helpline numbers, etc. including the skills needed for a helper to help the Covid-19 affected patients and their family members. Students shared their viewpoints and they shared some of their experiences.

3 FACTORS TO HELP YOU MAKE SAFER CHOICES

WHEN YOU'RE IN AN AREA OF
WIDESPREAD COVID-19 TRANSMISSION

LOCATION

Open air spaces safer than enclosed spaces

PROXIMITY

Farther away from others safer than close together

TIME

Shorter time periods with others are safer

REMEMBER, IT'S ALWAYS SAFER TO:

KNOW YOUR RISK.
LOWER YOUR RISK.

If you have been diagnosed with **COVID-19**:

- **stay in a separate room** and **away from others**
- **open windows** frequently

Know your risk,
lower your risk

WHAT TO DO IF SOMEONE IS SICK IN YOUR HOUSEHOLD

Life has to continue even where COVID-19 is spreading.
Here's how to stay safe.

1 ISOLATE THE SICK PERSON

Prepare a separate room or isolated space, and keep distance from others.

Keep the room well ventilated and open windows frequently.

2 TAKE CARE OF THE SICK PERSON

Monitor the sick person's symptoms regularly.

Pay special attention if the person is at high risk for serious illness.

Ensure the sick person rests and stays hydrated.

Call your healthcare provider immediately if you see any of these **danger signs**:

- Difficulty breathing
- Confusion
- Loss of speech or mobility
- Chest pain

2 REDUCE CONTACT WITH THE VIRUS

Identify one household member to be the contact person who is not at high risk and has the fewest contacts with people outside.

Wear a medical mask if in the same room as the sick person.

Use separate dishes, cups, eating utensils and bedding from the sick person.

Clean and disinfect frequently touched surfaces.

1 DANGER SIGNS

REMEMBER, IT'S ALWAYS SAFER TO

KNOW YOUR RISK.
LOWER YOUR RISK.

VISITING FAMILY IN A LONG-TERM CARE FACILITY

Life has to continue even where COVID-19 is spreading. Here's how to stay safe.

Visiting family members is important. Your support can play an important role in their mental and physical well-being.

HERE'S HOW TO PROTECT THEM AND YOURSELF

- 1 IF UNWELL**
Cancel your visit if you feel unwell or have had contact with someone diagnosed with or suspected of having COVID-19. Talk to facility administrators if there are unusual circumstances, such as a gravely ill family member.
- 2 CHECK IN ADVANCE**
Ask about the time and conditions of visits, such as required testing, mask and hygiene advice.
- 3 STAY SAFE DURING YOUR VISIT**
Wear a mask.
Use sanitizer at the building and room entrance.
Keep at least 1 metre from others.
- 4 EXPLAIN**
Help your family members understand any changes or procedures, such as vaccinations for influenza and COVID-19, or why wearing a mask or isolation may be needed.
- 5 STAY IN TOUCH**
Continue to keep in touch by phone or video calls, especially if your visit is postponed.

REMEMBER, IT'S ALWAYS SAFER TO

KNOW YOUR RISK. LOWER YOUR RISK.

World Health Organization

SHOPPING FOR GROCERIES

Life has to continue even where COVID-19 is spreading. If online shopping is not an option, here's how to stay safe.

REDUCE YOUR RISK

Go outside peak hours.

BEFORE YOU GO OUT

Always check on local regulations.

Bring sanitizer and wear your mask.

If you are in a high-risk group, wear a medical mask.

WHEN INSIDE STORES

Keep your shopping time short and make a list.

Keep at least 1 metre distance from others.

REMEMBER, IT'S ALWAYS SAFER TO

KNOW YOUR RISK. LOWER YOUR RISK.

World Health Organization

DON'T PUT OFF NECESSARY MEDICAL APPOINTMENTS

Life has to continue even
where COVID-19 is spreading.
Here's how to stay safe.

REDUCE YOUR RISK

Call to check if a phone or
telemedicine consultation
is possible and appropriate.
If not, schedule your
appointment in advance.

BEFORE YOU GO OUT

Always check
on local
regulations.

Bring sanitizer
and wear
your mask.

If you are in a
high-risk group, wear
a medical mask.

WHILE WAITING FOR YOUR APPOINTMENT

Avoid crowded settings,
maintain physical
distance or ask to sit in
a less crowded space.

REMEMBER. IT'S ALWAYS SAFER TO

KNOW YOUR RISK.
LOWER YOUR RISK.

World Health
Organization

HOW TO PREPARE IN CASE SOMEONE GETS SICK IN YOUR HOUSEHOLD

Life has to continue even
where COVID-19 is spreading.
Here's how to stay safe.

GET YOUR CONTACTS READY

For health information and care:
your doctor, health facilities,
health centre/hotline and
emergency numbers.

For your support network:
family, friends, neighbors,
school or work.

WHAT SHOULD BE PREPARED

Stock up on supplies
such as regular medicines,
medical masks and
cleaners/disinfectants.

Prepare a separate
room or isolated
space, and keep
distance from others.

Put in place a support
network for groceries,
transport, childcare
and other essentials.

REMEMBER. IT'S ALWAYS SAFER TO

KNOW YOUR RISK.
LOWER YOUR RISK.

World Health
Organization

I just found out I have COVID-19.

What do I do to protect my friends and family?

If you are diagnosed with COVID-19 or receive a positive test result, you have done nothing wrong.

Anyone can contract COVID-19 regardless of race, gender, age, or income. Remember we are all in this together.

If you have COVID-19 with symptoms, or a positive test result without symptoms, you will be asked to self-isolate or remain in a health care facility.

Contact your local public health authority. They may be able to help you to notify your contacts and inform them about next steps.

Think back to 48 hours before you started to feel unwell, or if you don't have any symptoms, 48 hours before you took your COVID-19 test until you began self-isolation. Consider where you went and who you might have spent time with.

Contact people with whom you had physical contact or spent more than 15 minutes at a distance closer than one metre, and let them know of your positive test result.

If you visited a store, health facility, or other close and crowded establishments during this period, please call and let them know the day and time that you were present.

Doing your part protects yourself and others. Your friends and family will thank you.

I just found out I'm a confirmed contact for COVID-19.

What do I do to protect my friends and family?

If you are a contact of a person who has COVID-19, or who has received a positive COVID-19 test result, remember that contracting the virus is no one's fault.

Anyone can contract COVID-19 regardless of race, gender, age, or income. Remember we are all in this together.

Place yourself in quarantine for 14 days, or the time indicated by your national or local regulations.

Contact your local health authorities and let them know that you are a contact of a confirmed case of COVID-19.

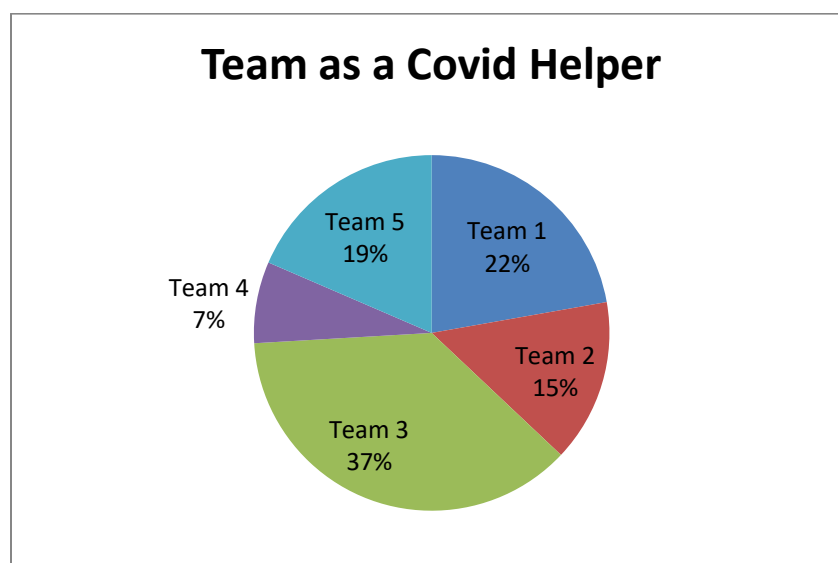

If you begin to feel symptoms of COVID-19 reach out to a health care provider for advice and recommendations.

Doing your part protects yourself and others. Your friends and family will thank you.

Feedback

At the end of the session 2 feedback links are provided to the students, one by the resource person and other by the Mahatma Gandhi National Council of Rural Education. 54 students responded to the feedback forms. Based on their feedback 37% (20) of the students are interested to be the part of Team 3 – Family related team, 22% (12) of the students are interested to be the part of Team 1 – Hospital Management Team, 19% (10) of the students are interested to be the part of Team 5 – Communicating with the Covid patient, 15% (8) of the students are interested to be the part of Team 2 – Non-Hospital Management Team and 7% (4) of the students are interested to be the part of Team 4 – Sharing the information of Medical Essentials.

2. Outcomes of the activity

The students have involved in only a few activities till now, but they will continue to involve in these activities in the coming years.

Few activities they are involved in are joining with the religious institutions and helping the people in need by providing food and masks. They also use social media like whatsapp, facebook, instagram, etc. and share the needed information related to the helpline numbers, availability of vaccines, beds, etc. Through instagram they ask the celebrities and insist them to post the urgent need to post in their status and when the celebrities post that requirement in the status most of his/her followers will be providing us with valuable information required and that will be conveyed to the needed patients or the patients family members.

COMMUNITY ORGANIZATIO PROGRAMME
REPORT ON
“FREE MEDICAL CAMP”

**NANJIL CATHOLIC COLLEGE OF ARTS AND
SCIENCE, KALIYAKKAVILAI.
DEPARTMENT OF SOCIAL WORK
COMMUNITY ORGANIZATION PROGRAMME
REPORT ON**

" Free Medical Camp "

Date: 29/03/2022

Venue: Government Tribal Residential High School, Manalodai..

Time: 10.30 am -1.00pm

Resource Person: Dr. Bewin Pieus (Workhardt foundation)

Presidential address: Mr.Tamil Selvan,Head Master of Government Tribal Residential High school, Manalodai.

Felicitation:Mrs.Mary Pelsit, HOD Department of SocialWork,Nanjil Catholic College of Arts and Science,Kaliyakkavilai.

Programme Conveners: Angelin Arthi .V,Queen Shilpa R.C(MSW Trainees)

Agency: Arunachalam Higher secondary school, Thiruvattar.

Introduction:

"The greatness of a community is most accurately measured by the compassionate actions of its members".

Community organization as a method used to take efforts and directed towards community needs. It develops integration within the community and helps the people to cooperate each other. Community organization aims to organize, mobilize and educate people to build a sense of community. By doing so, the community gains power or influence over issues concerning their welfare. It is a democratic method which belief is the equality of all men and women and dignity provide to individuals. The main purpose of conducting medical camp is to give health related awareness, distribute medicines to treat common diseases etc... By the way social work trainees conducted medical camp at Government Tribal Residential High School, Manalodai and also given awareness on " Health and Hygiene". This programme was organized successfully by the social work trainees in the selected locality.

Pre-Planning of the Programme:

The social work trainees had discussed about the community organization programme with the agency guide on 18/02/2022. The agency guide gave guidelines about the community organization programme and discussed about the selection of area and resource person to conduct community organization programme which includes Budget, Banner, Invitation etc.... Based on the draft plan social work trainees driven the whole programme. The social work trainees discussed with the faculty guides Dr.S.Ponni and Ms.Seethu Vijayan. Also, discussed with Mrs.S.Bindhu Headmistress of AHSS, Thiruvattar. The agency guide Mr.Ajayan gave the idea to conduct Free Medical Camp as an community organization programme in the tribal community. So, the social work trainees choose to conduct the awareness and free medical camp for community organization programme. The social work trainees went for pilot visit on 18/03/2022 at Government Tribal Residential High School, Manalodai and discussed about the trainees plan to conduct the community organization programme on free medical camp to the Headmaster, Mr.Tamil Selvan of Government Tribal Residential High School, Manalodai. He accepted the trainees approach to conduct community organization programme for the community people.

Selection of the topic:

The social work trainees selected the topic based on the needs of the community people. As, the social work trainees focused to conduct community organization programme on tribal community due to their lack in awareness of new variants of diseases. So, the social work trainees selected the topic " Free Medical Camp" and also to give few awareness about Health & Hygiene.

Aim:

The main aim of community organization program on medical camp is to create better knowledge and awareness about the health of the tribal people.

Objectives:

- To provide initial care to people in life - threatening conditions which reflect the unique strengths and goals of medical ethics.
- To create awareness on new variants of diseases and how to prevent it.
- To provide free and high quality medical services and treatment at an early stage.

Date, Time and Venue:

Area was allotted by the agency and the venue was arranged by the trainees. So, the trainees had selected the venue with the help of the medical team members from Workhardt foundation. According to that the date and time was set with the support of Agency and medical team members.

Date : 29/03/2022

Day : Tuesday

Time : 10.30am to 1.00pm

Venue : Government Tribal Residential High School, Manalodai.

Preparation for the Programme:

The process of preparation of the programme includes:

1. Planning of the Community Organization programme.
2. Planning for the Need assessment of the programme.
3. Pilot study about the Fact finding of Community people.
4. Planning for the Venue.
5. Planning for organizing the programme.
6. Implementation of the programme.

The trainees had planned to give awareness about Health and Hygiene and Free Medical Camp. After the confirmation of the programme on the particular day the social work trainees arranged Invitation, Banner, program schedule, resource person and venue for implementing the community organization programme.

Program Execution:

The Community organization programme was held on 29/03/2022. The programme began at 10.30 and ended at 1.30PM at Government Tribal Residential High School, Manalodai. The formal reception was given to all the participants by the trainees. 140 community people and students had participated in the community organization programme and get the benefits. The programme started with Tamil thaai vaazhthu and the welcome address was delivered by Miss. Angelin Arthi.V, the trainee welcomed the Chief guests and the participants.

The presidential address was given by Mr. Tamil Selvan (Head master of Government Tribal Residential High school, Manalodai.) Felicitation was given by Mrs. Mary Pelsit, HOD Department of social work. (Nanjil Catholic college of arts and science, kaliyakkavilai) The guest of honor was given by Dr.

Bewin pieus (Workhardt foundation) the guest gave a key note on “Awareness on health & hygiene”.

Hope the impact of the programme will change the life of the community people. The vote of thanks was delivered by the social work trainee, Queen Shilpa R C. The social work trainees ended the community organization programme with National Anthem. Thus, the programme ended successfully at 1.30 pm.

Outcome:

The Community people of Manalodai understood the causes and effects of deadly disease, developing awareness in the community and emphasize the importance of early detection. It also lead to community people to understand about new variants of diseases and how to prevent it.

Learning:

- The trainee learned acquired knowledge to plan and prepare for a successful programme.
- The trainee learned and gained idea to organize and implement the awareness programme
- The trainee learned about the importance of community organization programme and how to perform it in effective way.

Observation:

The trainees observed the active participation of community people in the awareness programme. The trainees observed the efforts of co-trainees, agency staffs and institutional faculties to bring the programme a successful one to the community people. Through this the trainees improved the interpersonal skills and qualities

Evaluation:

The programme can evaluate in both positive and negative way. The programme was a sensible and very informative to the community people as the people were very active and had an interactive session, the trainees believed that the community people became more aware of dreadful disease.

Conclusion:

Social work is a form of professional service comprising a composite of scientific knowledge and skills. All the people of the community are concerned in its health and welfare services. Representation of all interests and elements in the population and their full and meaningful participation are the essential part in community organization. Social worker in community organization is supposed to have good technical skills and be able to get along well with community people as catalyst, facilitator, a linking role, etc. It generates the awareness for the community people regarding the dreadful disease.

CANCER SCREENING CAMP KODIMUNAI

Introduction:

Community Organisation is **one of the primary methods of social work**. It deals with intervention in the communities to solve the community problems. As a method of social work community organisation can solve the problems of many people in the community through their collective involvement. Community organization is a social work method. Community organization for social welfare is concerned with people and their needs. The needs of a community are very diverse which require a balanced and integrated programme for fulfillment.

Objectives of Community Organization

- To get information about the resources and needs.
- To arouse the people to work for the welfare of the community.
- To create sound ground for planning and action.
- To create a sense of cooperation integration and unity among the people.

8 Principles of Community Organization

1. The Principle of Specific Objectives
2. The Principle of Planning
3. The Principle of People's Participation
4. The Principle of Inter-Group Approach
5. The Principle of Democratic Functioning
6. The Principle of Flexible Organization
7. The Principle of Optimum Utilizations of Indigenous Resources
8. The Principle of Cultural Orientation

PRE – PLANNING FOR COMMUNITY ORGANISATION :

The discussion for Community Organisation started on 6th March 2022. The Social work Trainees planned different activities for community organisation.

Selection of area: The KSSS Co-ordinator Mrs. Saranya helped to find the community organisation area.

SPECIALITY OF THE PLACE

Kodimunai

Tamil Nadu >> Kanniyakumari >> Kurunthancode

Welcome address: The social work trainee Mr. Ajai delivered welcome address.

Introductory Talk:

The KSSS Co-ordinator Mrs. Saranya gave introductory talk about the Cancer screening project.

She shared about kinds of Cancer Screening.

- **Breast cancer:** One in 25 women has a chance of getting breast cancer in India. Screening by mammography for women over 45 or post menopause, Clinical breast exam by a doctor and self breast exam are methods of early detection.
- **Oral cancer:** This is among the top cancers in India due to rampant use of chewing tobacco and smoking. High consumption of alcohol is also a risk factor. Doctors check for red or white patches in the mouth and for lumps in the mouth and throat. A regular dental check for sharp edges of teeth is also recommended.
- **Cervical cancer:** This cancer is 2nd highest among women in India. This can be detected in the pre - cancerous stage and treated before it turns into cancer. Screening tests are Pap smear, VIA and HPV.
- **Colorectal cancer:** This is also a common cancer and tests can be done to detect it early.
- **Prostate Cancer:** This is a cancer that affects older men and there are screening tests for this cancer.

Presidential address:

Rev. Fr. Arul Seelan the parish priest of Kodimunai delivered Presidential address. Every year National Cancer Awareness Day is observed on November 7 across the country spread awareness on symptoms, treatments, and precautions on cancer. Globally, cancer is the second most death-causing disease as per World Health Organisation. In September 2014, Dr. Harsh Vardhan, the former Minister Of Health announced this day as National Cancer Awareness day occurring simultaneously on the birth anniversary of Marie Curie who has contributed to the field of fighting against cancer.

Guest of Honour:

Rev.Fr.Michael Raj gave a speech about importance of cancer screening.National Cancer Control Programmme started to settle people cancer treatment facilities in the country. But in the year 1984-85, the vision changed from treatment facilities to early detection of cancer Therefore this day is celebrated as awareness day. According to the Cancer Statistics report in India around 2.25 million people suffer from disease, over 11,57,294 lakh cases are reported every year, and also around 7,84,821 deaths occur due to cancer. In men usually, lip, oral cavity, lung, stomach, esophagus-related cancers are reported, and in women breast, lip, oral cavity, lung, and gastric-related cancers are commonly reported.

The Doctor Speaks: Mookambika Hospital special doctor for cancer Selvi. Gaubath spoke that Cancer screening tests aim to find cancer before it causes symptoms and when it may be easier to treat successfully. An effective screening test is one that finds cancer early reduces the chance that someone who is screened regularly will die from the cancer has more potential benefits than harms (possible harms of screening tests include bleeding or other physical damage, [false-positive](#) or [false-negative test results](#), and [overdiagnosis](#)—the diagnosis of cancers that would

not have caused problems and did not need treatment)

Checking for cancer (or for abnormal cells that may become cancer) in people who have no symptoms is called screening. Several screening tests have been shown to detect cancer early and to reduce the chance of dying from that cancer.Felicitation Address:

Adv. Mr. Andush Jerome (Sectary of Marthandam Rotary Club) felicitated the gathering.

Screening recommendations

A number of organizations provide guidelines on cancer screening tests. Sometimes these guidelines suggest different things. Recommendations vary on:

Which type of cancer people should be screened for

Which tests should be used to screen for a particular type of cancer

What age screening should begin and end

How often screening tests should be done

What happens if the screening shows positive results?

Talk with your doctor about your personal risk of developing cancer. Together you can decide on an appropriate screening schedule based on your age and personal and family medical history.

Felicitation Address:

Dr.S Ponni, the Professor of Nanjil Catholic college of arts and science spoke to use the cancer screening test available at your hand. Many cancer screening tests are in use. Some tests have been shown both to find cancer early and to lower the chance of dying from the disease. Others have been shown to find cancer early but have not been shown to reduce the risk of dying from cancer; however, they may still be offered to people, especially those who are known to be at increased risk of cancer. Screening Tests That Have Been Shown to Reduce Cancer Deaths.

Vote of Thanks:

The social work trainee S. Prabhudhas gave vote of thanks to the gathering.

Skills Learnt by social work trainee:

- ☞ **Community organising skills:**The social worker trainee has learned Community organisation skills.
- ☞ **Skill of Leadership:** The social worker trainee has learned the **skill of Leadership**.
- ☞ **Skill of Presentation :**The social worker trainee has learned the skill of Presentation.
- ☞ **Organising skill:**The social worker trainee has learned the organising skill.

Observation:

- The social worker trainee has observed the skills of Adminishtation.
- The social worker trainee has observed the mind set of people while calling for community organisation.
- The social worker trainee has observed principles of community organisation.

Future plan:

The social trainee the need to arrange many different awareness programmes.

Evaluation:

- Gathering of people was difficult task the social work trainee must find some new skills to mobilise the people.
- Parish priest's approach was so nice and cooperative.
- The treasurer was so kind and gentle in character.
- It was a good experience and very interesting to conduct a community organization programme.

Conclusion:

Community organization is a developing branch of social work. Community organization program moulded in many ways as to develop its comprehensive organizing capabilities. It helped very much to practice the theoretical knowledge. It helped our study and to identify the felt need of the community and also to do the social work in the community settings. The positive and negative comments about the organization helped for the future programmes.

The social work facilities also helped in a positive way. They also benefited in developing personal qualities such as leadership skills, organizing skills, fund raising and financial management and event management. The parish administration co-operated well with the programme. This programme was a changing one in social work trainee's life. Social work trainee left home at 4.30 PM. with a loving heart.

Programme convenors:

1, Jenisha VJ

2, Rashmitha R

3, Keerthana Christopher C

Agency: Kanyakumari Social Service society

INTRODUCTION:

“Organization begins with awareness of what doesn’t

Work for us.”

Community organization is a primary method in social work. Community organization for social welfare is concerned with people and their needs. The needs of a community are very diverse which require a balanced and integrated programme for fulfillment. Community Organization is a term used to describe focused efforts that promote the health of a larger community. This community might be a neighborhood, a school system, or even a city or state. In educational programs, sometimes this broad approach is referred to as macro practice social work. It differs from the micro practice focus in social work, which examines the needs of individuals and families. By the way social work trainees conducted awareness programme at Holy Cross Church Auditorium, Malaicode on the topic **“ CANCER AWARENESS CAMPAIGN.”** This programme was organized successfully by the social work trainee's in the selected area.

PRE PLANNING OF THE PROGRAMME:

The social work trainee's were discussed about the community Organization Programme to the director of the agency on 15/02/2022. The director of the agency gave guidelines about the community Organization programme & appointed Sr.Merin Rose as the agency supervisor of the social work trainee's. According to their instructions the trainee's put forward steps to conduct a successful community Organization programme. The trainee's were discussed about the area selection for community Organization programme to the agency supervisor. Based on their guidelines the trainee's were selected the area which is "**Malaicode community**"for community Organization programme. On 18/02/2022 the trainee's planned a draft plan for community Organization programme which includes Budget Banner invitation etc .. Based on that draft plan social work trainee's driven the whole programme beginning to end. Trainee went to Maalaicode on 4th March 2022 for the purpose of pilot study and plot visit. The

trainee's did transact walk across the community .The trainee's can able to understood the nature of the Community people most of them are adamant and had criticising mindset . Some of them are not interested in anything . This makes the trainee's uncomfortable but still the trainee's found the problems in the village through survey analysis . Based on the quantity of the problems, the trainee's decided to select topic . Through survey analysis the trainee's found problems like **ALCOHOLISM , EYE TESTING , LACK OF MEDICAL KNOWLEDGE , LACK OF THE AWARENESS ON SOCIAL LEGISLATIONS etc...**By analysing the problems the trainee's found lack of medical knowledge and alcoholism is the major problem in the community. So the trainee's discussed with Agency and Institution about the problem in order to provide awareness about **CANCER**. Through plot visit the trainee's were guided by the SHG animator of Malaicode Mrs . Arulamma from the agency. Then the trainee's found a Resource Person for the programme who is **DR. S SENTHIL KUMAR (sreeram cancer trust , Nagarcoil)**. Through social media sites the trainee's got his contact and discussed about the programme to him . On 25/02 /2022 After getting confirmation of the resource person the trainee's fixed the date and time for the programme. The date as 19/04/2022 and the time as 9:30 AM to 1:00 PM . And the trainee's also planned about resource mobilization and other arrangements for the community Organization programme. Then the trainee invited the parish priest of Malaicode and community people for the community organization programme on 01/04/2022 , on that day itself the trainee's fixed a hall for the community organization programme. The trainee's also invited the director of the agency and the staffs in the agency and the Institutional faculty guides and head of the department for the community organization programme. On 15/04/2022 the trainee's were invited the resource person for the community organization programme. These are the preplannings of the community organization programme.

SELECTION OF THE TOPIC:

The trainee's were selected the topic based on the needs of the Malaicode community people . The community people who were the part of the community most of them needed medical awareness programme on harmful diseases . The trainee's collected data's from the community people through Pilot study ,Survey analysis and Transact walk . According to the data's the trainee's were elected the topic "**Cancer Awareness** " programme to the community

people . The trainee's were arranged a doctor from a Cancer Trust, who is service mindedly doing the Cancer screening tests and treatments for the poor and needy people.

AIM:

The general aim of community organization programme is to provide knowledge and awareness about the harmful disease to the community people

OBJECTIVES:

- ❖ To develop better understanding about Breast Cancer.
- ❖ To know about the cause and the effects of Cancer.
- ❖ To ensure the knowledge of community people about Cancer .

DATE & TIME, VENUE:

Area was assorted by the agency and the venue was arranged by the trainee's .By the way the parish plays the major role in the Community .So the trainee's were selected the venue at Holy Cross Church Auditorium. According to that the trainee's set the date and time with the support of agency and Institution.

Date : 19/04/2022

Day : Tuesday

Time : 9:30 AM - 1:00 PM

Venue : Holy Cross Church Auditorium, Malaicode.

PREPARATION FOR THE PROGRAMME:

The process of preparation of the programme includes,

- 1, Planning for the community organization
programme.

2, Planning for the Problem Identification of the programme.

3, Pilot Study about the problems of Community people.

4, Planning for the Venue.

5, Planning for the arrangements of the programme.

6, Implementation Of the Programme. The trainee's were planned to give awareness about cancer . After the arrangements confirmed the programme on the particular day.Then arranged Programme schedule,Banner, Invitation for the implementation of the programme.

PROGRAMME EXECUTION:

The community organization programme was held on 19/04/2022 The programme began at 12:00 PM and logged out at 1:30PM at Holy cross church Auditorium. The formal reception was given to all the Chief guests and the community people by the trainee. Nearly 30 Community people attended the programme. The programme started by Tamil thai vaalthu & welcome address delivered by Miss.Jenisha V J , she welcome Chief Guest Dr.S Senthil Kumar, Head of the department of social work from Nanjil Catholic College of Art's and Science in Kaliyakkavilai and also she welcomed the staff from Kanyakumari Social service society.Then presidential address given by Mrs.Mary Pelsit (Head of Social work department). Then Dr .S Senthil Kumar (Sreeram Cancer Trust Nagarcoil), he gave a key note address on "**Cancer Awareness**". The community people was co-operated for the grand success of the programme hope this information will change the life of many Community Members. Finally, Rashmitha R gave the vote of thanks, the social work trainees sang the national anthem. Miss.Keerthana Christopher C did the master of thus the programme successfully ended.

OUTCOME:

The community people of Malaicode understood about the causes and effects of breast cancer , mouth cancer and lung cancer and also the testing methods for the breast cancer.They got better understanding about various types of cancers.

LEARNING:

The trainee's learned to apply the methods of Community organization programme .The trainee's practiced the theories in practical through community organization programme.The trainee's also learned about the harmful disease cancer through the programme.

What Is a Normal Breast?

No breast is typical. What is normal for you may not be normal for another woman. Most women say their breasts feel lumpy or uneven. The way your breasts look and feel can be affected by getting your period, having children, losing or gaining weight, and taking certain medications. Breasts also tend to change as you age. For more information, see the National Cancer Institute's Breast Changes and Conditions.[external icon](#)

What Do Lumps in a Breast Mean?

Many conditions can cause lumps in the breast, including cancer. But most breast lumps are caused by other medical conditions. The two most common causes of breast lumps are fibrocystic breast condition and cysts. Fibrocystic condition causes noncancerous changes in the breast that can make them lumpy, tender, and sore. Cysts are small fluid-filled sacs that can develop in the breast.Different people have different symptoms of breast cancer. Some people do not have any signs or symptoms at all.

Some warning signs of breast cancer are,

- ❖ New lump in the breast or underarm (armpit).
- ❖ Thickening or swelling of part of the breast.

- ❖ or dimpling of breast skin.
- ❖ Redness or flaky skin in the nipple area or the breast.
- ❖ Pulling in of the nipple or pain in the nipple area.
- ❖ Nipple discharge other than breast milk, including blood.
- ❖ Any change in the size or the shape of the breast.
- ❖ Pain in any area of the breast.

These are the symptoms of breast cancer.

OBSERVATION:

The trainee's observed the community people's participation , in the programme .The trainee's observed the co -trainee's participation and involvement in activities. Through this programme trainee's inter personal skills were improved a lot.

EVALUATION:

Evaluated the community organization programme in both positively and negatively. They got many positive commands from the community members and agency guides and staff members. This programme was very useful for the community members. There is no negative commands about the awareness programme.

CONCLUSION

“It always seems impossible until it’s done.”

— Nelson Mandela

Social workers might be experts in business management, public health, urban development, political science, health care administration and more. Their work might focus on

the advocacy, analysis, planning, or the implementation stages of a program focused on community health. Community social workers can be found around the globe, and they're involved at every stage of planning and running organizations that promote community health. **Community organization in social work is a specialized field in which grassroots organizations hire individuals to develop programs, raise funding, or recruit or train leaders and other participants to work toward a specific community goal.** You don't have to hold a master's degree in social work to be a community organizer, but it does uniquely qualify an individual to perform the kind of activism, mobilization, advocacy, and development required for this type of work.

2. Mr M G Jenner Ward Member

3. Adv Krishna Prasad , Assistant professor of department
of social NACCAS Kaliyakkavilai.

Resource person:

1. Mrs. Freeda Florence (Public Health Nurse FHC Chenkal)

Programme convenors:

1. Maya R
2. Nithya N Saji
3. Sreelekshmi S S
4. Surya J S

Agency: Malankara Social Service Society

Introduction:

Community organization is one of the primary method of social work. Community organization for social welfare is concerned with people and their needs. The needs of a community are very diverse which require a balanced and integrated programme for fulfillment. So the social work trainees prepared awareness programme in Chemmanavila Anganwadi , Chenkal on the topic **“Nutrition and Healthy Lifestyle”**. This programme was organized successfully by the social work trainee in the particular place. The programme was organized by chemmanavila anganwadi and MSW trainee Maya R, Nithya N Saji, Sreelekshmi S S, Surya J S of NACCAS. Approximately 60 members in that programme.

Planning of the programme:

The social work trainees discussed with ICDS supervisor about the community organization programme as a part of concurrent field work activity. The supervisor, chemmanavila anganwadi worker and social work trainee discussed about awareness programme on nutrition and healthy lifestyle, for the beneficiaries in field area, with the support of Adv.K.R.Krishna Prasad the faculty Guide. The trainee decided to conduct the programme at chemmanavila anganwadi. Trainees also met the resource person and invited her to take the useful class. The trainees also invited the panchayat president, ward member, ICDS supervisor and CDPO in ICDS office .

Selection of the Topic:

Selected the topic based on the needs of the Pregnant, Adolescent, Parents. Nutrition and Healthy Lifestyle is important topic. Nowadays lack of nutrition and healthy lifestyle leads so many problems. Due to this it leads to diseases .So, for the welfare of beneficiaries trainee selected to conduct an awareness programme on “Nutrition and Lifestyle.

Aim:

To provide a nutrition and healthy lifestyle programme for the Pregnant, Adolescent, Parents in the chemmanavila anganwadi area.

Objectives:

- i. To develop better understanding about nutrition and its importance
- ii. To increase awareness and improve the life of beneficiaries
- iii. To know about the cause and the effect of nutrition and lifestyle.
- iv. To create awareness about healthy lifestyle

Date, time & Venue:

According to that set the date, time and venue for the programme.

Date : 19th April 2022

Time : 11 am to 12:00 pm

Venue : Chemmanavila Anganwadi Chenkal

PILOT STUDY

The trainee had several pilot study for community organization and discussed with the faculty guide Community organization was done without the support of ngo Several difficulties were faced

by the trainees during the pilot study The trainee prepared the programme schedule, invitation, banner the trainee mobilized people, money, material and time

Preparation for the programme:

The process of preparation of the programme includes:

1. Planning of the programme
2. Study about the problem of the community people
3. Implementation of the programme.

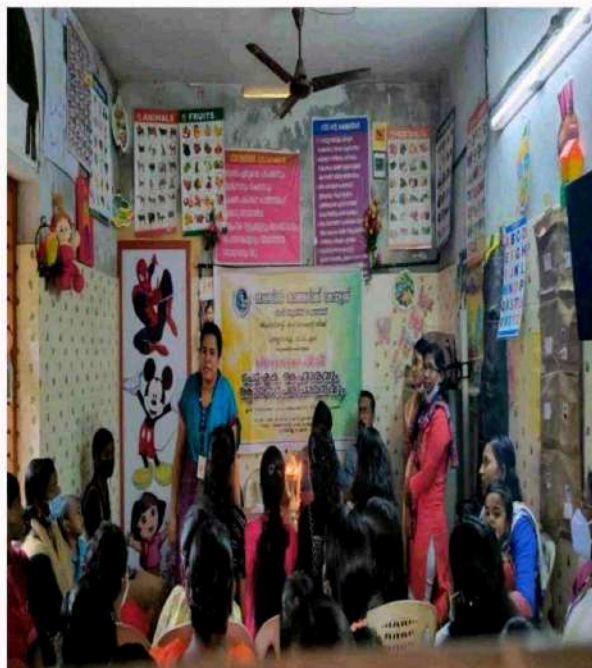

Planned to give awareness about nutrition and healthy lifestyle. To know information regarding the community people. Trinee interacted with Mrs.Sindhu Mohan ICDS supervisor, panchayt and anganwadi worker, then conform the programme on that particular day. Then arranged the community people in this programme and plan to prepare programme schedule, banner, invitation for the implementing the programme.

Programme Execution:

The community organizing programme was held on 19/04/2022, the programme began at 11:00 am and logged out at 12:00 pm at chemmanavila anganwadi chenkal. The formal reception was given to all the Chief guests and the participants by the trainee. Nearly 60 beneficiaries are attended the programme. The programme started with prayer song by Miss Maya R the trainee, welcome address delivered by Miss Surya J S, she welcomed Ward member, ICDS supervisor and the resource person, faculty guide. Then presidential address given by Mr. M.G Jenner (Ward Member) he explained about the topic and appreciated the effort of MSW trainee to conduct programme. Programme was inaugurated by ICDS supervisor through lighting the lamp and all other chief guest lighted the lamp, faculty guide Adv. Krishna Prasad also lighted the lamp.

Felicitation was given by Mrs.Sindhu Mohan (ICDS supervisor) and Mr Adv Krishna Prasad Assistant professor, Department of social work, NACCAS, Kaliyakkavilai. The main topic of the programme was “Nutrition and Healthy Lifestyle” Mrs Freeda Florence (Public Health Nurse FHC Chenkal) was the resource person of the programme She took wonderful class on the topic. Importance of good nutritious food and how can we lead a healthy lifestyle.

Finally, Miss. Sreelekshmi S S gave the vote of thanks and momentum was presented to Resource person by Adv Krishna Prasad and anganwadi worker by ward member.

BUDGET FOR COMMUNITY PARTICIPATION

SL N O	DATE	Benefactor	Amount	Expense	Amount
1	13/04/2022	Suresh S R	1300	Banner, Invitation,Momentum	1300
2	14/04/2022	Ajitha R	900	Food	900
3	17/04/2022	Suja u	800	Chair and auto charge	800
4	17/04/2022	Manoj A	700	Others	700
		TOTAL	3700	TOTAL	3700

PROGRAMME ORGANIZER

M. Abisha
I MSW Trainee, NACCAS.

Introduction:

Community organization is one of the primary methods of social work profession. It deals with intervention in the communities to solve the community problems. The attempts of Community organizations, by their very nature create change in situations or in the environment which in turn affects personal well-being. By the way social work trainees conducted awareness programme at L.M.S. Higher Secondary School Mathicode on the topic “CHILDLINE AWARENESS PROGRAM-1098”. This programme was organized successfully by the social work trainee in the selected area.

Pre-Planning of the Programme:

A Plan is a set of decisions made on actions to be taken to reach a goal. It involves vision, discovery, decision-making and action. The Social work trainee's discussed about the community organization programme with agency supervisor Mrs. Chandra on 15-03-2022. He gave guidelines for organizing Community Organization programme and selected the area which is “L.M.S. Higher Secondary School Mathicode” to give the Childline Awareness programme on 22-04-2022. The agency supervisor appointed the Community organizer Mr. Rajesh to guide the social work trainees. On 05-04-2022 the trainees went for the pilot study about the school and to know about the resources for conducting the programme. The trainee visited the School of Mathicode and informed about the programme, the Headmaster assure they will attend the programme. Resource person for the programme who is Mrs. Selvi Jaya Palsyliva (Childline-1098, Kanyaakumari Team Member) and also helped in resource mobilization and other arrangements for the Community organization programme. On 12-04-2022 the trainees planned a draft plan for community organization programme which includes Pamphlet, Banner, Invitation, etc... On 14-04-2022 the trainees invited the Resource Person for the community organization programme. On 16-04-2022 the trainees invited the School Headmaster and teachers. The trainees also invited the director of the agency and the staffs in the agency and the institutional faculty guides and Head of the department for the community organization programme.

Selection of the topic:

The trainees selected the topic based on the needs of the school students. So, the trainee selected the topic “**Childline Awareness**” programme to the school students. According to the topic the resource person carried out the programme in a sensible way with the school students.

Aim:

childline aims to reach out to every child in need and ensure their rights and protection.

Objectives:

- To give protection of rights of all children aged from 0 to 18.
- To focus is on all children in need care and protection , especially the more vulnerable section, including: victim of child sexual abuse.

Date, Time and Venue:

According to that the trainees set the date and time with the support of Agency and Institution.

Date : 22/04/2022

Day : Friday

Time : 10.00 AM - 12.00 PM

Venue : L.M.S. Higher Secondary School Mathicode

Preparation for the Programme:

The process of preparation of the programme includes:

1. Planning of the Community Organization programme.

2. Planning for the Need assessment of the programme.
3. Pilot study about the Fact finding of School Student.
4. Planning for the Venue.
5. Planning for organizing the programme.
6. Implementation of the programme.

The trainees were planned to give awareness about Childline. After the conformation of the programme on the particular day the trainees arranged Invitation, Banner, Programme schedule and other activities for the implementation of the programme.

Programme Execution:

The Community organization programme was held on 22/04/2022. The programme began at 10.00 AM and logged out at 12.00 PM at L.M.S. Higher Secondary School Mathicode. The formal reception was given to all t

he participants by the trainee.

Around 37 Students attended the programme. The programme started with Tamil thaai vaazhthu and the welcome address was delivered by Selvi. Madhumitha she welcomed the Chief guests and the participants. The presidential address was given by Mr. Rajesh (Family Counsellor, C R D. of India, Paloor).

Felicitation was given by Mrs. Mary pelsit (Head , Department of Social Work, NACCAS, Kaliyakkavilai).The Chief guest was given by Mrs. S. Selva Jaya Palcy (CHILDLINE, Kanniyakumari Team Member) she gave a key note on "CHILDLINE AWARENESS" . The Students was co-operated for the grand success of the programme.

Hope the impact of the programme will change the life of students. The vote of thanks was delivered by Miss. Abisha , the social work trainees sang the National Anthem and also done the Master of Ceremony. Thus, the programme ended successfully at 12.00 PM.

Outcome:

The students of L.M.S. Higher Secondary School Mathicode understood the importance of the childline programme and understand the need care and protection, especially to the vulnerable section, including: victim of child sexual abuse. The community organization program on Childline aim to reach of every child in need, ensure and protection.

Learning:

- The trainee learned acquired knowledge to plan and prepare for a successful programme.
- The trainee learned and gained idea to organize and implement the awareness programme.
- The trainee learned about the importance of community organization programme and how to perform it in effective way

Observation:

The trainees observed the active participation of students in the awareness programme. The trainees observed the efforts of, agency staffs and institutional faculties to bring the programme a successful one to the students. Through this the trainees improved the interpersonal skills and qualities.

Budget for Community Participation:

Sl. No.	Date	Benefactor	Expense	Amount
1	16-03-2022	Dr. L. Victor	Flex	300
2	16-03-2022	Mrs. Chandra	Invitation Card	150
3	16-03-2022	Mrs. Helma	Others	150
		Total	Total	600

Evaluation:

The programme can evaluate in both positive and negative way. The only negative thing noted by social work trainee during community organization program is lack of participants of students due to examination every student were unable to participate for community organization programme. Other than the programme was a sensible and fruitful to the students were very active and had an interactive session, the trainees believed that the students became more aware of dreadful.

Conclusion:

Social work is a form of professional service comprising a composite of scientific knowledge and skills .Representation of all interests and elements in the population and their full and meaningful participation are the essential part in community organization. Social worker in community organization is supposed to have good technical skills and be able to get along well with community people as catalyst, facilitator, a linking role, etc.

INTRODUCTION

Community Organization refers to organization aimed at making desired improvements to a community's social health, well-being, and overall functioning. Community organization occurs in geographically, psychosocially, culturally, spiritually, and digitally bounded communities. The social work trainees prepare awareness program in St Joseph Higher Secondary School on the topic "Environment protection awareness program" This program was organized by the social work trainees.

PLANNING OF THE PROGRAM

The social work trainees discusse with the principal of St Joseph Higher Secondary School Mulagumoodu and director of the Nuthana Trust also with the faculty guide. They pan to give the awareness program about the environmental protection. They also referred with the staff member of social work department of Nanjil catholic college of arts and science Kaliyakkaviali.

SELECTION OF THE TOPIC

The selection of the topic was based on the world earth day and the selected topic to help the students to identify the problem face In the environment and work towards it to protect the environment.

AIM

The general aim of community organization program is to bring knowledge and awareness about 'Environmental Protection' also develop the creativity of the students through drawing competition.

OBJECTIVES

- ❖ To make students aware about the importance of environmental protection.
- ❖ To know about the problems face by the environment and make capable of the students to protect the environment for the future generation.

- ❖ To conduct drawing competition and aware on environment protection.

DATE, TIME, VENUE

The availability of the school students and venue with the support of the agency according to that set the date and venue for the program.

Date : 22 April 2022

Time : 1 pm to 3 pm

Venue : St Joseph Higher Secondary School auditorium

PREPARATION OF THE PROGRAM

The process of preparation of the program includes

- Planning of the program
- Study the need on conducting such a program
- Implementation of the program
- Evaluate the impact of the program

planned to give awareness about the environmental protection and conduct a drawing competition based on the theme ' Together we must invest in our planet' and develop the creativity of the students to know information regarding the school students MSW trainees interacted with the Mr. Dharmaraj N principal of St Joseph Higher Secondary School, Mulagumoodu. Then confirm the program and plan to prepare program schedule, banner, invitation, for the implementing the program.

PROGRAM EXECUTION

Community organization program was held on 22-04-2022. The program began at 1pm and ended at 3:30 pm St Joseph Higher Secondary School, Mulagumoodu auditorium. Nearly 100 students participate in the program. The program started by the prayer song by the school students. Welcome address was delivered by Mrs. Elizabeth (Staff of Nuthana Trust), she welcome principal of St Joseph Higher Secondary School, correspondent, Director of the nuthana trust, chief guest and all the students and teachers. The presidential address was given by Rev Fr. Dominic M K Dhas

(Correspondent of St Joseph Higher Secondary School, Mulagumoodu). Felicitation was given by Dr Clement Winsly (Director of the Nuthana Trust), Mrs. Thanusha (Field work coordinator of Nuthana Trust), Resource person gave key note address on the topic Environmental protection. Mr. A Monikondon (Ass. Horticultural Officer, Thuckalay block). The program was started by the drawing competition on the topic 'Together we must invest in our planet' nearly 45 students participate and 4 students were selected as the winners. The resource person shared a great information regarding the ' Environmental protection' and to cultivate the vegetable in their surrounding. Also thought the students to protect the environment for the future generation. The winner of the drawing competition was K Subin, R Danish, J S Jeffshron, J John Blesso prize was distributed to the winners and finally Mr. Faustin C II MSW trainee gave the vote of thanks then Mr. Akash M J I the master of the ceremony.

OUTCOME

The students of St Joseph Higher Secondary School came to know about the problems faced by the environment problems and better understanding about the environment protection for the future generation.

LEARNING

- Students were aware about environmental protection.
- Gained idea to organize the program and made the students to participate in drawing competition also learned about the implementation of co program.
- To acquire knowledge to plan and prepare for a successful program.
- Understood the importance of the community organization program. They learned how to transform knowledge into practical way.

EVALUATION

The co program was very effective also it helps to make the students aware about the environmental protection students were gracefully participate in the program. They got many positive comments from agency guide and staff members. The negative part notice the program was the power failure.

CONCLUSION

Community organization may be more effective in addressing need as well as in achieving short-term and long-term goals than larger, more bureaucratic organizations. It helps very much for the practice the theoretical knowledge

It also benefits in developing personal qualities such as leadership skills, organizing skills etc. This program will help to bring many positive changes in future.

INVITATION

அன்புடையீர்....

"இன்று 22-04-2022 பூமி நாள் இதுவும் எனக்கு தெரியாது..

மனிதர்களில் சிலர் நான் வளமாக இருக்க

50 ஆண்டுகளுக்கு முன் எடுத்த முடிவாம்

பல இலட்சம் கோடி ஆண்டுகள் முன் எனது பிறப்பு..

என்னுள் உருவான கோடிக்கணக்கான உயிரினங்களில் மனிதரும் ஒன்று"

புவி நாள் (Earth Day) என்பது ஆண்டுதோறும் ஏப்ரல் 22ம் நாளன்று புவியின் சுற்றுச் சூழலின் முக்கியத்துவத்தை வலியுறுத்தி, சுற்றுச்சூழல் மாசடைவதைத் தடுக்கும் நோக்கோடு அனைத்து நாடுகளிலும் 1970 ஆம் ஆண்டு முதல் கடைப்பிடிக்கப்பட்டு வரும் ஒரு சிறப்பு நாளாகும்.

இச்சிறப்பான நாளின் முக்கியத்துவத்தை உலகறியும் வண்ணம், இவ்வருட புவி நாளின் நோக்கமான " நம் பூமியில் முதலீடு செய்வோம்" என்பதை முன் வைத்து வரும். "ஏப்ரல் 22-புவி நாள்" அன்று "நாஞ்சில் கத்தோலிக்க கலை மற்றும் அறிவியல் கல்லூரி களியக்காவினை", "நூதனா அறக்கட்டளை-முளகுமூடு" மற்றும் "புனித ஜோசப் உயர்நிலைப் பள்ளி-முளகுமூடு"

இணைந்து நடத்தும், "சுற்றுச்சூழல் பாதுகாப்பு விழிப்புணர்வு நிகழ்ச்சி" புனித ஜோசப் உயர்நிலைப் பள்ளியில் மதியம் 1:00 மணி முதல்

3:30 மணி வரை நடைபெறுகிறது. இந்நிகழ்ச்சியில் ஆறாம் வகுப்பு முதல் ஒன்பதாம் வகுப்பு வரை உள்ள மாணவர்களுக்கு ஓவியப்போட்டியும் நடைபெறுகிறது. அனைவரும் இந்நிகழ்ச்சியில் பங்கேற்று பயனடையுமாறு அன்புடன் அழைக்கிறோம்.

COMMUNITY ORGANIZATIO PROGRAMME
REPORT ON
“ENVIRONMENT PROTECTION THROUGH
THE DISPOSAL OF PLASTIC”

COMMUNITY ORGANIZATION PROGRAMME

REPORT ON

ENVIRONMENTAL PROTECTION THROUGH THE DISPOSAL OF PLASTIC

Date: 22/04/2022

Venue: Ambethkar Hall ,Thirupuram

Time: 2:30 PM To 4:00PM

Felicitation:1. Mr. Marry Pelsit (head of the department)

2.Mr. Liji Kumar (ward member)

3.Mr. N. Shibu (ward member)

4.MRS:Anusree(Block resource person)

5.MISS:Ajitha U(MSW trainee NACCAS)

Resource person:

1. Mr. Althaf (Shuchithva mission NEO ENERGY CO ORDINATOR)

Programme conveners:

1. Sruthylekshmi S. V.
2. Malini J. S.
3. Ajitha U.

Agency: THIRUPURAM GRAMAPANCHAYATH

Introduction:

Community organization is a primary social work method. Community organization for social welfare is concerned with people and their needs. The needs of a community are very diverse which require a balanced and integrated programme for fulfillment. So the social work trainees prepared awareness programme in Thirupuram grampanchayath **“ENVIRONMENTAL PROTECTION THROUGH THE DISPOSAL OF PLASTIC”** This programme was organized successfully by the social work trainee in the particular place.

Planning of the programme:

The social work trainees discussed with the project co-ordinator of Thirupuram Grampanchayath about the topic and assortment of place for the community organization. They plan to give awareness programme about one of the social issue. They also referred with the staff members of social work department of Nanjil Catholic College of Arts & Science & Mr Harinbose Secretary of the Thirupuram Panchayth .

Selection of the Topic:

Selected the topic based on the needs of the community peoples. The people who were part of the community needed awareness programme because many peoples were unwanted use of plastic which would spoiled the life of the community people. So, the selected topic to help the people to identify their problems and work towards a solution of the problem.

Aim:

The general aim of community organization programme is to bring knowledge and awareness about Environmental protection through the disposable of plastic.

Objectives:

- i. To develop better understanding about environmental protection through the disposable of plastic
- ii. To know about the cause and the effect of substance abuse, to measure the awareness and responsiveness about the increased use of plastic and it's harmful effect among the people.

Date, time & Venue:

The availability of the school students and venue with the support of the agency. According to that set the date, time and venue for the programme.

Date : 22/04/22

Time : 2:30pm to 4:00pm

Venue : Ambethkar Hall, Thirupuram Gramapanchayth

Preparation for the programme:

The process of preparation of the programme includes:

1. Planning of the programme
2. Study about the problem of the people
3. Implementation of the programme.
4. survey analysis

Planned to give awareness about Environmental protection through disposal of plastic. To know information regarding the community people. Guide interacted with MR Harinbose Secretary of the Thirupuram Gramapanchayth, then conform the programme on that particular day. Then arranged the people in this programme and plan to prepare programme schedule, banner, invitation for the implementing the programme.

Programme Execution:

The community organizing programme was held on 22/04/22. The programme began at 2:30pm and logged out at 4:00pm at Thirupuram Grampanchayath Ambethkar hall. The formal reception was given to all the Chief guests and the participants by the trainee. Nearly 72 people attended the programme. The programme started by a welcome address delivered by panchayath president Mr Suresh, he welcomed the chief guest, and the resource person. Then a presidential address was given by Mr. Harinbose, secretary of the Thirupuram panchayath. Felicitation was given by Mrs. Mary Pelsit, HOD, Department of social work, NACCAS, Kaliyakkavilai and Ajitha U. MSW Trainee NACCAS, Kaliyakkavilai. Mr. Liji Kumar, ward member, Mrs. Anusree BRP, Mr. Althaf, resource person. He gave a keynote address on **Environmental protection through disposal of plastic**. Special address on eradication of plastic, to share own experience to the students to know about the effect of environment and plastic. The people will co-operate for the grand success of the programme. We hope this information will change the life of many people. Finally, Miss. Sruthy Lekshmi S. V. gave the vote of thanks.

Outcome:

The people of Thirupuram Panchayath, came to know about the causes and effect of plastic and better understanding about the environmental protection.

Learning:

- To acquire knowledge to plan and prepare for a successful program.
- To gain an idea to organize the programme and make the people participate to learn about the implementation of the awareness programme.
- Local people are aware about the environmental protection & disposal of plastic.
- To learn about the effect and causes of disposal of plastic.
- To understand the importance of the community organization programme. They learned the theoretical to apply in practical way.

Evaluation:

Evaluated the community organization programme in both positively and negatively. They got many positive comments from the participants and agency guides and staff members. This programme was very useful for the people. There are no negative comments about the awareness programme.

Conclusion:

Community organization is a developing branch of social work. Community organization program molded in many ways as to develop his comprehensive organizing capabilities. It helped very much for the practice the theoretical knowledge. It helped the study and identifies the felt need of the community and also to do the social work in the community settings. The positive and negative comments about the organization helped for the future programmes.

The social work facilities also helped in a positive way. They also benefited in developing personal qualities such as leadership skills, organizing skills, fund raising and financial management and event management. The people were co-operated with the programme. This programme will change the life of many peoples.

Jointly Organizing

CANCER AWARENESS PROGRAMME

Date 22-04-2022 Friday

Place: St.Mary's Community Hall, Thachoorkonam

Programme Organizers : **Ms.S.K Sowmya, Ms M.J.Mona Jeslin**

Introduction:

Community organization is one of the primary methods of social work profession .It deals with intervention in the communities to solve the community problems. The attempts of Community organizations, by their very nature create change in situations or in the environment which in turn affects personal well-being.By the way social work trainees conducted awareness programme at St. Mary's Community Hall, Thachoorkonam on the topic "CANCER AWARENESS CAMPAIGN". This programme was organized successfully by the social work trainee in the selected area.

Pre-Planning of the Programme:

A Plan is a set of decisions made on actions to be taken to reach a goal. It involves vision, discovery, decision-making and action. The Social work trainee's discussed about the community organization programme with agency supervisor Mr. Sajan Joseph on 15-03-2022. He gave guidelines for organizing Community Organization programme and selected the area which is "Thachoorkonam Community" to give the Cancer awareness programme on 22-04-2022 .The agency supervisor appointed the Community organizer Mrs. Shahila to guide the social work trainees. On 05-04-2022 the trainees went for the pilot study about the community and to know about the resources for conducting the programme. The trainee visited the community people of Thachoorkonam and informed about the programme, the people assure they will attend the programme.Rev.Fr. Peter Anand,Parish priest of Thachoorkonam helped the trainees to arrange the venue which is St. Mary's Community Hall, Thachoorkonam, Resource person for the programme who isDr. Mini (Oliva Homeo Clinic, Kalladimamoodu) and also helped in resource mobilization and other arrangements for the Community organization programme. The Community organizer also helped the trainees and taken efforts for the people's participation. On 12-04-2022 the trainees planned a draft plan for community organization programme which includes Pamphlet, Banner, Invitation, etc...On 14-04-2022 the trainees invited the Resource Person for the community organization programme. On 16-04-2022 the trainees invited the Parish priest of Thachoorkonam and community people for the community organization programme. The trainees also invited the director of the agency and the staffs in the

agency and the institutional faculty guides and Head of the department for the community organization programme.

Selection of the topic:

The trainees selected the topic based on the needs of the Thachoorkonam Community people. The community people who were the part of the community, most of them needed medical awareness programme on harmful diseases .So, the trainee selected the topic “**Cancer Awareness**” programme to the community people. According to the topic the resource person carried out the programme in a sensible way with the community people.

Aim:

The aim of the campaign is to create cancer awareness and reduce the stigma linked to symptoms and treatment of breast cancer amongst the community people.

Objectives:

- To inform people about the importance of regular screening and check-ups.
- To create cancer awareness and remove the stigma and fear attached
- To help the people recognize the early signs and symptoms of cancer, thus enabling them to seek treatment at an early stage.

Date, Time and Venue:

Area was allotted by the agency and the venue was arranged by the trainees. Commonly, the Parish plays the significant role in the community. So, the trainees were selected the venue with the help of parish priest at St. Mary's Community Hall, Thachoorkonam. According to that the trainees set the date and time with the support of Agency and Institution

Date : 22/04/2022

Day : Friday

Time : 3.00 PM - 5.00 PM

Venue : St. Mary's Community Hall, Thachoorkonam.

Preparation for the Programme:

The process of preparation of the programme includes:

1. Planning of the Community Organization programme.
2. Planning for the Need assessment of the programme.
3. Pilot study about the Fact finding of Community people.
4. Planning for the Venue.
5. Planning for organizing the programme.
6. Implementation of the programme.

The trainees were planned to give awareness about Cancer. After the conformation of the programme on the particular day the trainees arranged Invitation, Banner, Programme schedule and other activities for the implementation of the programme.

Programme Execution:

The Community organization programme was held on 22/04/2022. The programme began at 3.00 PM and logged out at 5.00 PM at St. Mary's Community Hall, Thachoorkonam. The formal reception was given to all the participants by the trainee.

Around 25 Community people attended the programme. The programme started with Tamil thaai vaazhthu and the welcome address was delivered by Miss. Mona Jeslin MJ, she

welcomed the Chief guests and the participants. The Inaugural address was given by Rev. Fr. John Kumar (Director of MIDS).

Felicitation was given by Rev. Fr. Peter Anand (Parish Priest of St. Mary's MSC Church, Thachoorkonam), Mr. Sajan Joseph (Project Officer, MIDS) and Dr. S. Ponni (Assistant Professor, Department of Social Work, NACCAS, Kaliyakkavilai). The guest of honor was given by Dr. Mini (Oliva Homeo Clinic, Kalladimamoodu) she gave a key note on "Cancer Awareness". Though it was heavy rain the community people were co-operated for the grand success of the programme.

Hope the impact of the programme will change the life of community people. The vote of thanks was delivered by Miss. Sowmya SK, the social work trainees sang the National

Outcome:

The Community people of Thachoorkonam understood the causes and effects of deadly disease, developing awareness in the community and emphasize the importance of early detection. It also lead to community people making healthier lifestyle choices.

Learning:

- The trainee learned acquired knowledge to plan and prepare for a successful programme.
- The trainee learned and gained idea to organize and implement the awareness programme.
- The trainee learned about the breast cancer, ways to identify it in early stages to be cured off like dimpling, puckering, stretching pain in the back, retracted nipple,etc...
- The trainee learned about the importance of community organization programme and how to perform it in effective way

Observation:

The trainees observed the active participation of community people in the awareness programme. The trainees observed the efforts of co-trainees, priest, agency staffs and institutional faculties to bring the programme a successful one to the community people. Through this the trainees improved the interpersonal skills and qualities.

Evaluation:

The programme can evaluate in both positive and negative way. The only negative command was the trainees expected more people's participation in the programme but due to heavy rain there were only few to attend it. Other than the programme was a sensible and fruitful to the community people as the people were very active and had an interactive session, the trainees believed that the community people became more aware of dreadful disease.

Conclusion:

Social work is a form of professional service comprising a composite of scientific knowledge and skills. All the people of the community are concerned in its health and welfare services. Representation of all interests and elements in the population and their full and meaningful participation are the essential part in community organization. Social worker in community organization is supposed to have good technical skills and be able to get along well with community people as catalyst, facilitator, a linking role, etc. It generates the awareness for the community people regarding the dreadful disease of cancer.

Assessment of the need and problems (04/04/22)

While interacting with the community people social work trainee find out many needs of them. Trainee found that many people needed health care and need to get a proper awareness about parenting. So trainee decided to conduct the awareness programme in Chanthayadi with the help of Mrs. Aradhana Rajkumar.

Prioritization and redefining the problems and needs (11/04/22)

The social work trainee selected the topic "Health Hygiene & parenting in order to provide or conduct awareness to the people.

Objectives

1. To convince the community health us on important aspect to their life.
2. Help to prevent spreading of disease among the people and prevent the occurrence of disease.
3. To identify parenting type and style.
4. Improve quality of life and parent child relationship.
5. Strengthen families.
6. To help the community people to get the awareness about health & hygiene.

Work of the action plan (22/04/2022)

The trainee planned to conduct the community organization programme on 3rd may 2022 at 10:30 am on Chanthayadi. The community people show a welcoming attitude & support in order to conduct the community organization programme.

Resource Mobilization

The social work trainee organized the resource for programme in the form of money and material externally. The trainee mobilized Rs. 1500 from and other necessary things like tea, snacks and gift from the surroundings.

The Event (03/05/2022)

The community organization programme was held on 03/05/2022. The social work trainee started the programme around 10:30 am by welcoming all the participants for awareness programme on health & Hygiene. The programme was started by the social work trainee with prayer song and welcome address was given by the social trainee R. Abin Raj. For the awareness programme the trainee welcomed the chief guest resource person and the community people for the programme by a beautiful welcome dance by the student of Chanthayadi Govt School.

Mr. Dinesh Krishnan (Committee member, Sureksha) the resource person gave a heart touching speech on parenting. According to him good parenting focuses on encouragement over praise consequences over punishment and co-operation over obedience. Good parenting insists that it helps the kids to have a satisfied and happy life in future. Next Mrs. Aradhana Rajkumar (Family, Counsellor, Sureksha) the resource person gave speech on health of hygiene. She says that health refers to a person's physical, emotional and psychological well being. Hygiene refers to good practices that prevent disease and lead to good health, especially proper disposal of waste water and drinking water supply good hygiene means less on health care. This will help the people to have a healthy life without the occurrence of disease.

In the programme the chief guests Mr. Pala Krishnan (panchayat president, Chanthayadi) and Mr. Bala Sundaram Chanthayadi ward counselor shared their life experience to the community people. In the end of community organization programme the social work trainee thanked all those who came for the awareness programme on health & hygiene. Then the programme ended at 11:55 am.

Community participation

In the programme Mr. Bala Krishana (panchayat president) Mr. Bala Sundaram was attended and 31 people participated in the Programme.

Monitoring and Evaluation

- ❖ The social work trainee monitored that the people in the community shows interest in participating the programme.
- ❖ The feelings of community people are evaluated by collecting their opinion about the programme.
- ❖ The social work trainee analysed that the awareness programme gave away to gain knowledge about health, hygiene & parenting to both men and women.

Reporting and documentation (03/05/2022)

While doing the programme the social work trainee records each activity done both in the form of photographs and the hand written mode and presented to the faculty guide.

Budget for community organization programme

Sl No	Expenditure	Amount (Rs)
1	Banner	150
2	Invitation	100
3	Snacks	350
4	Gift	800
Total		1400

Skill required

❖ Skill in planning

Planning will guide ones actions to be effective. To achieve the purpose of community organization programme the trainee required skill in planning.

❖ Communication skill

Communication is the soul of community organization. To build support with the higher authorities and the target people proper communication pattern is essential.

❖ Skill in Mobilization

Resource mobilization is one of the basic skills need to implement the programme so the trainee mobilized the resource in the form of man, money & material.

❖ Skill in organization

To implement the planned co-ordination of the activites, the social work trainee required skill in organization.

Learning

- ❖ The social work trainee learned how to communicate professionally.
- ❖ The social work trainee learned about mobilization of resources like man in the form of community people resource person, money in the mode of finance & material necessary for the programme.
- ❖ The social work trainee learned how to plan and organize an awareness programme.
- ❖ The trainee learned to handle the community people.

Outcome

The Community people got the knowledge on health & hygiene and know more about parenting. The participant also got an idea about to solve their basic issues by learning about good hygiene practices, the means to avoid illness and by learning more about parenting. They also got some inspiration for life.

Evaluation

The programme has created awareness about health & hygiene and parenting among the community people. The participant got an idea to improve better health avoid illness and learned about the good parenting community people were actively interacted with the resource person. The community people got lot of information from the resource person.

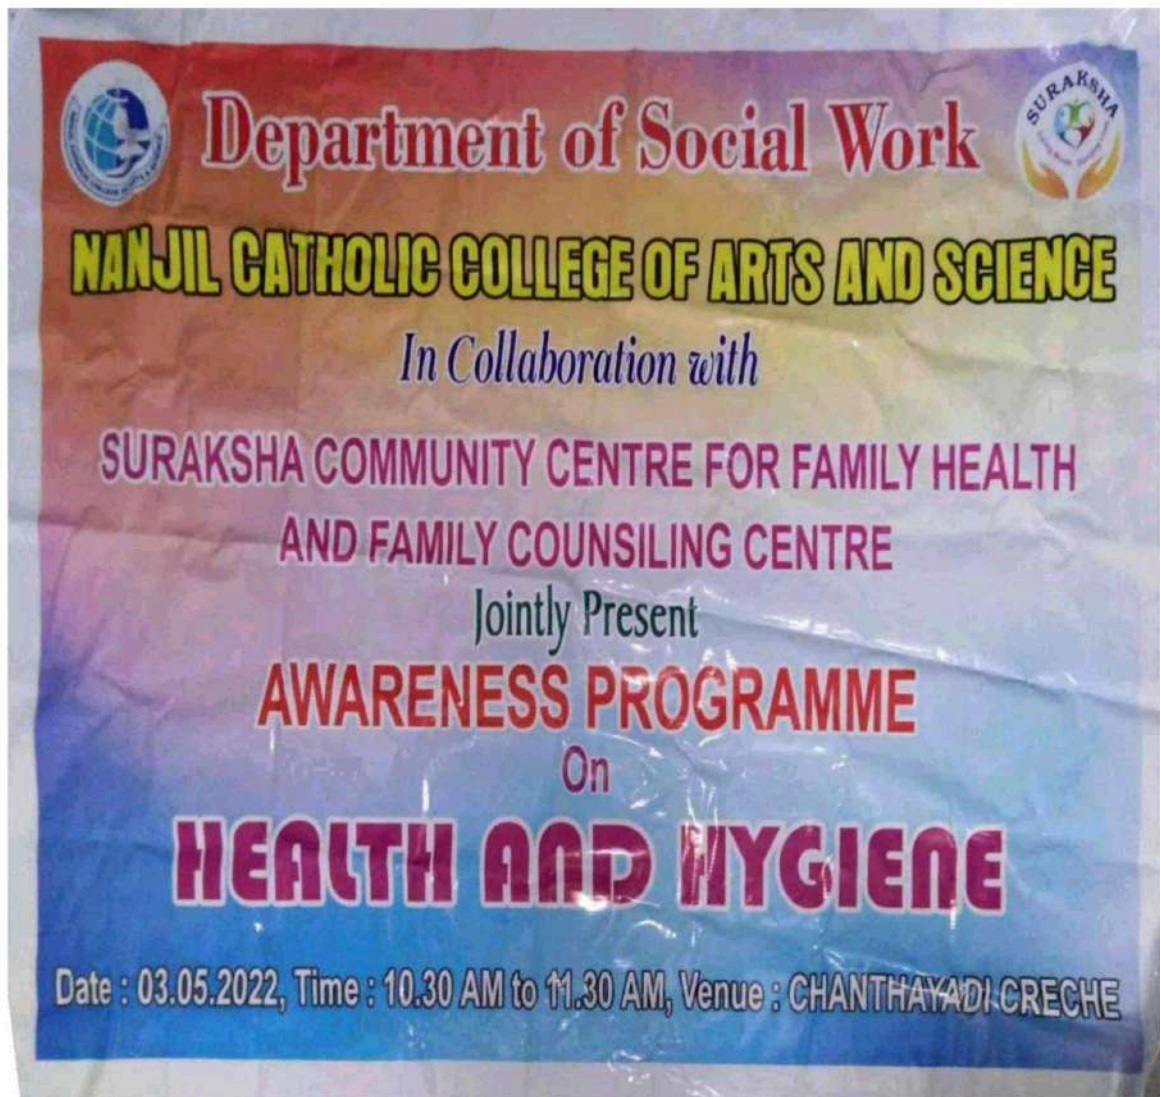

Conclusion

Community organization is recent and developing branch of modern social work. Community organization programme includes list of steps to follow such as planning, organizing, communication, discussion etc. The social work trainee follows various community level programmes and welfare measures for the entire member in the community apart from the theoretical knowledge the trainee got practical knowledge by conducting community awareness.

Introduction:

Community organization is a social work method. Community organization for social welfare is concerned with people and their needs. The needs of a community are very diverse which require a balanced and integrated programme for fulfillment. So the social work trainee prepared awareness programme in on the topic " Awareness on Savings and sustainable development " This programme was organized successfully by the social work trainees in the particular place.

Planning of the programme:

The social work trainees discussed with the project co-ordinator of Sneha Jyothi CDS at malaicode about the topic and assortment of place for the community organization. They plan to give awareness programme about one of the social problem which is Savings and Sustainable Development. The social work trainee referred the topic with the faculty guide Dr S.Ponni of social work department of Nanjil catholic college of Arts & science, Kaliyakkavilai ..

Selection of the Topic:

Selected the topic based on the needs of the community people. The community people who were part of the society needed awareness programme because many people were lack in knowledge about how to maintain savings in their family. So, the social work trainee selected the topic to help the community people to identify their problems and work towards a solution of the problem.

Aim:

The general aim of community organization programme is to bring knowledge and awareness about Savings and Sustainable Development.

Objectives:

- i. To maintain environmental balance and social progress, ensuring that all people have the same opportunities.
- ii. To acquire knowledge about the awareness on Savings and Sustainable Development.
- iii. To lead a better life without compromising the planet .

Date, time & Venue:

The availability of the community people and venue with the support of the agency guide, the social work trainee set the date, time and venue for the programme.

Date : 6/05/2022

Time : 2.00pm - 4.00pm

Venue : Marthoma Centre, Malaicode

Preparation for the programme:

The process of preparation of the programme includes:

1. Planning of the programme
2. Study about the problem of the community people.
3. Implementation of the programme.

Planned to give awareness about Savings and Sustainable Development . To know information regarding the community people the social work trainee with the project coordinator

Me.Saji Mariyapuram and project director Fr.RinuRaj of Sneha Jyothi CDS ,Malaicode .Then, conformed the programme on that particular day. Then, planned to prepare programme schedule, banner, invitation for the implementing the programme.

Programme Execution:

The community organizing programme was held on 6/05/2022. The programme began at 2.00pm and logged out at 4.00pm at Marthoma Centre, Malaicode. The formal reception was given to all the Chief guests and the participants by the trainee. 135 community people were participated . The programme started by welcome address delivered by Miss Athithya A.V,she welcomed the participants..i. The Felicitation was given by Mr Saji program coordinator of Sneha Jyothi CDS , Malaicode. and the keynote address wasgiven by Sisumithra,she shared some important points about Savings and Sustainable Development.The community people were well co-operated for the grand success of the programme hope this information will change the life of many people in that locality Finally, Athithya A V.said the vote of thanks to everyone.

Outcome:

The community people of Marthoma Centre, Malaicode got better understanding about the awareness on Savings and Sustainable Development.

Learning:

- To acquired knowledge to plan and prepare for a successful program.
- To gained idea to organize the programme and made the community people participate to learned about the implementation to the awareness programme.

- To know about the importance of savings and Sustainable Development to the community people.
- To understand the importance of the community organization programme. They learned the theoretical to apply in practical way

Evaluation:

Evaluated the community organization programme in both positively and negatively. They got many positive commands from the participants and agency guides and staff members. This programme was very useful for the community people. There is no negative commands about the awareness programme.

Conclusion:

Community organization is a developing branch of social work. Community organization program moulded in many ways as to develop his comprehensive organizing capabilities. It helped very much for the practice the theoretical knowledge. It helped the study and identify the felt need of the community and also to do the social work in the community settings. The positive and negative comments about the organization helped for the future programmes.

The social work facilities also helped in a positive way. They also benefited in developing personal qualities such as leadership skills, organizing skills, fund raising and financial management and event management. The community people co-operated with the programme. This programme will change the life of many people of the Marthoma Centre, community people at Malaicode.
