Our department of Chemistry organized an alumni meeting on 30.07.2022. It is a gathering of passed out students of an institution and it is a place where the institution feels proud on seeing its successful alumni. Alumni are an institution's most loyal supporters. Alumni are fundraising prospects. Alumni generate invaluable word-of-mouth marketing among their social and professional networks. By engaging alumni, an institution can continue to benefit from their skills and experience. Our HOD, Dr. R. Murali welcomed all the alumni students. Then they had their lunch. During the meet, the alumni community shares their experience in the outside world, which they faced after stepping out of the institution. The alumni meet aims to foster a sense of community among alumni, while supporting a sense of connectedness back to the institution feeling. The meet also creates a platform to identify the college's most distinguished alumni. We are happy to share that our alumni are settled in many countries with different companies on top most positions. They all gather on the alumni meet day with their families and have a talk with the current students and those alumni who are not able to come, share their experiences. They gave their feedback about their past experiences in the college and teachers. Then Ms. L. Lisy delivered the vote of thanks. The meeting came to the end at 3.30 p.m.

INTRODUCTION

Theme of 2023 World social work day is "Respecting diversity through joint social action". The theme, stems from the People's Charter for a New Eco Social World. The Charter is described as a "living document and reference point that will grow as the world's populations share their solutions to our joint challenges, so no one is left behind and all people can live with confidence, security, and peace in a sustainable world." It identifies the need to promote and support local and global action and is the template to unlock the means to co-design and co-build a new eco social world. The theme reminds us that we can all work together to value people from diverse backgrounds. We can take meaningful action locally to create inclusive and diverse communities through social change.
