**REPORT ON ALUMNI FEEDBACK ON DESIGNING AND REVIEW OF  
SYLLABUS**

**(With effect from the academic year 2020-2021)**

The feedbacks received from the alumni clearly stated that the new syllabus framed by the University for Spectroscopy stimulates interest in the minds of present day physics learners. Each and every objective, principle, problems, applications etc, have been included in the syllabus. Hoping that these syllabi will enable the students to attain even the higher levels of learning in Bloom' taxonomy, viz. application, analysis, synthesis and evaluation.

Apart from theory and practical, this new syllabus insisting students to take one project work at final semester with the weightage of four credits (100 marks) . As per the guidelines of the syllabus, this project must be a group project (each group maximum of five students). Project work must be related with physics.

The new project guidelines strictly warning that readymade projects are not allowed. Field trip visit (maximum of two day) related to project is allowed. In a nutshell, re-introduction of project work in syllabus definitely will play vital role in giving tremendous practical exposure to the students by strictly prohibiting the readymade projects

**FEEDBACK ON CURRICULUM BY ALUMNI**

The feedback was collected from the students on the following parameters.

- 29% of the students agree with the syllabus is updated as per the industry requirements.
- 43% of the students strongly agree with the syllabus has all the components to write competitive examinations.
- 14% of the students told that the syllabus meets the expectation of students.
- 14% of the students agree with the fact that course content encourages extra learning and self learning.
- 100% of the students told that the new courses introduced creates interest to do research.

**Feedback on Curriculum by alumni**

- Syllabus is updated as per the industry requirement
- The syllabus has all the components to write competitive examinations
- The syllabus meets the expectations of students
- The new courses introduced creates interest to do research
- Design of the courses encourages extra learning and self learning.

**NANJIL CATHOLIC COLLEGE OF ARTS AND SCIENCE,  
KALIYAKKAVILAI**

**Department of Computer Science**

**Designing and Review of Syllabus**

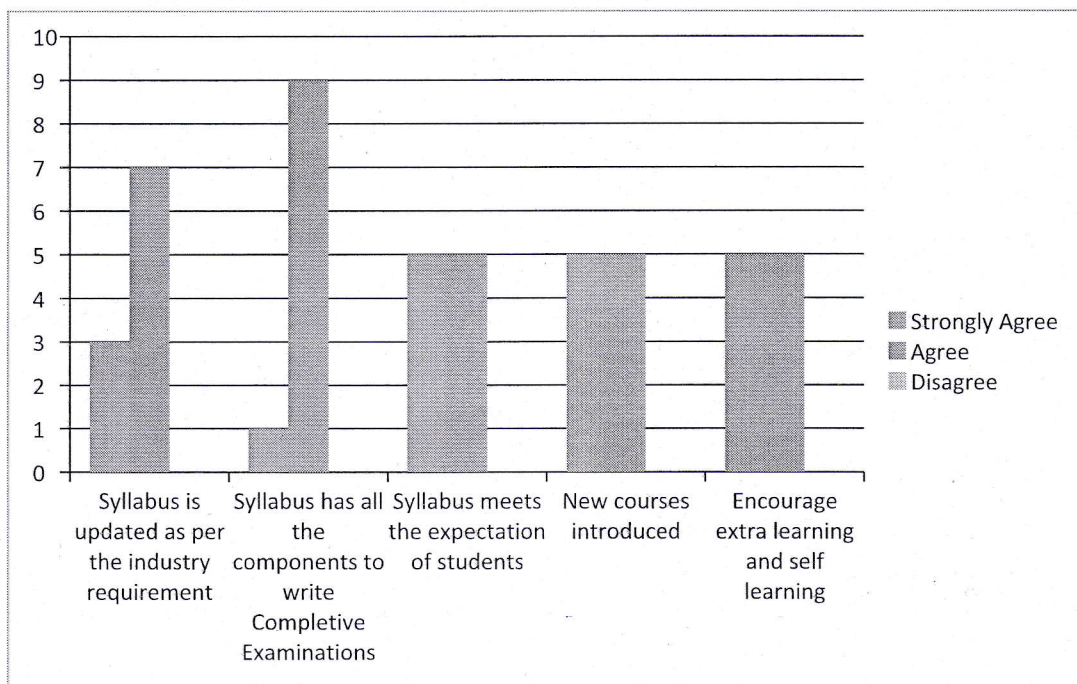

**Alumni Feedback Report**

**2020 – 2021**

**INTRODUCTION**

This institution affiliated to Manonmaniam Sundaranar University, the computer science department follows the curriculum designed by it. The structured feedback regarding design and review of the syllabus was obtained from students, alumni and teachers. In order to obtain the feedback, a structured questionnaire was designed to elicit the responses regarding relevant issues concerning design, review and delivery of syllabus. This section includes analysis of feedback obtained from Alumnus.

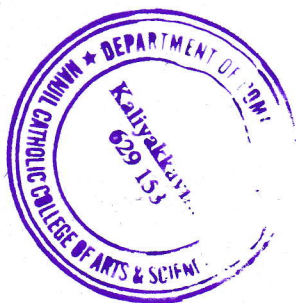

Feedback on design and review of syllabus was collected from alumnus of the institute. Analysis of the feedback is presented in chart and table

Parameters	Strongly Agree	Agree	Disagree	Strongly Disagree
Syllabus is updated as per the industry requirement	3	7	-	-
Syllabus has all the components to write Compleitive Examinations	1	9	-	-
Syllabus meets the expectation of students	5	5	-	-
New courses introduced	5	5	-	-
Encourage extra learning and self learning	5	5	-	-

**Conclusion:**

The response of maximum from alumnus regarding design and review of syllabus was satisfactory. They found that the syllabi was relevant to job oriented and knowledge imparting.

**2020-2021**  
**Alumni Feedback Report**

- The alumni suggested that the Curriculum design is suitable for meeting the overall development of students.
- Curriculum develops the global competence of students.
- The depth and adequacy of the curriculum were rated very well.
- Since most of them are from economically backward state, the alumni were concerned about the employability. They enquired the possibility of giving additional training which helps the students to get employed immediately after the completion of program.

**DEPARTMENT OF BUSINESS ADMINISTRATION**

**REPORT ON ALUMNI FEEDBACK**

**ACADEMIC YEAR 2021-2022**

To evaluate design and review the syllabus, alumni feedback was gathered through a feedback form. 15 Alumni were asked to give their opinion on new syllabus. They are required to submit their responses to a set of five statements on a 4-point Likert Scale in which choices range from Strongly Agree- Strongly Disagree. From the overall evaluation, they held a neutral opinion about syllabus.

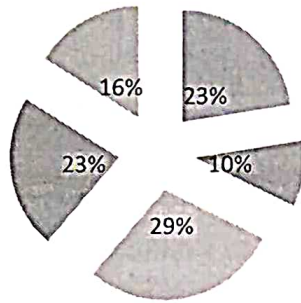

SI. No	Parameters	SA	A	D	SDA
1.	Syllabus is updated as per the industry requirement	7	5	3	-

## REPORT ON ALUMNI FEEDBACK ON DESIGNING AND REVIEW OF SYLLABUS

(With effect from the academic year 2021-2022)

Feedbacks collected from the alumni mentioned that MSc Physics is a two year postgraduate programme that deals with the advanced concepts of physics. MSc in physics aims at teaching post graduates essential and advanced topics such as classical mechanics, statistical mechanics, quantum mechanics, electromagnetic theory, spectroscopy, etc. As per new syllabus of MS University (With effect from the academic year 2021-2022), MSc Course duration is divided into four semesters and each semester comprises theory and lab. The new course syllabus is focused on both modern and classical physics which gives the post graduates a strong foundation for further studies.

The new syllabus gives the opportunity for the students to choose elective allied subjects. In addition with theory and lab, students are given with the chance of doing one skill enrichment based industrial visit/field work (Maintenance of Electrical applications) which gives deep insights on applied physics.

Apart from theory and practical, this new syllabus insisting students to take one project work at final semester with the weightage of 100 marks. As per the guidelines of the syllabus, this project must be a individual project. Project work must be related with physics. The new project guidelines strictly warning that readymade projects are not allowed. Fieldtrip visit (maximum of two day) related to project is allowed. In a nutshell, project work in syllabus definitely will play vital role in giving tremendous practical exposure to the students by strictly prohibiting the readymade projects.

Academic year 2021-2022 (PG Syllabus)

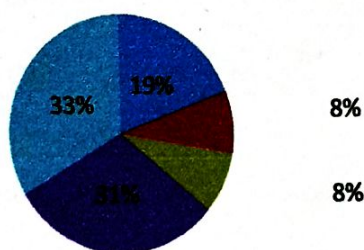

FEEDBACK ON CURRICULUM BY ALUMNI

The feedback was collected from the students on the following parameters.

- 20% of the students agree with the syllabus is updated as per the industry requirements.
- 8% of the students strongly agree with the syllabus has all the components to write competitive examinations.
- 8% of the students told that the syllabus meets the expectation of students.
- 33% of the students agree with the fact that course content encourages extra learning and self learning.
- 31% of the students told that the new courses introduced creates interest to do research.

Feedback on Curriculum by alumni

- Syllabus is updated as per the industry requirement
- The syllabus has all the components to write competitive examinations
- The syllabus meets the expectations of students
- The new courses introduced creates interest to do research
- Design of the courses encourages extra learning and self learning.

**NANJIL CATHOLIC COLLEGE OF ARTS AND SCIENCE,  
KALIYAKKAVILAI**

**Department of Computer Science**

**Designing and Review of Syllabus**

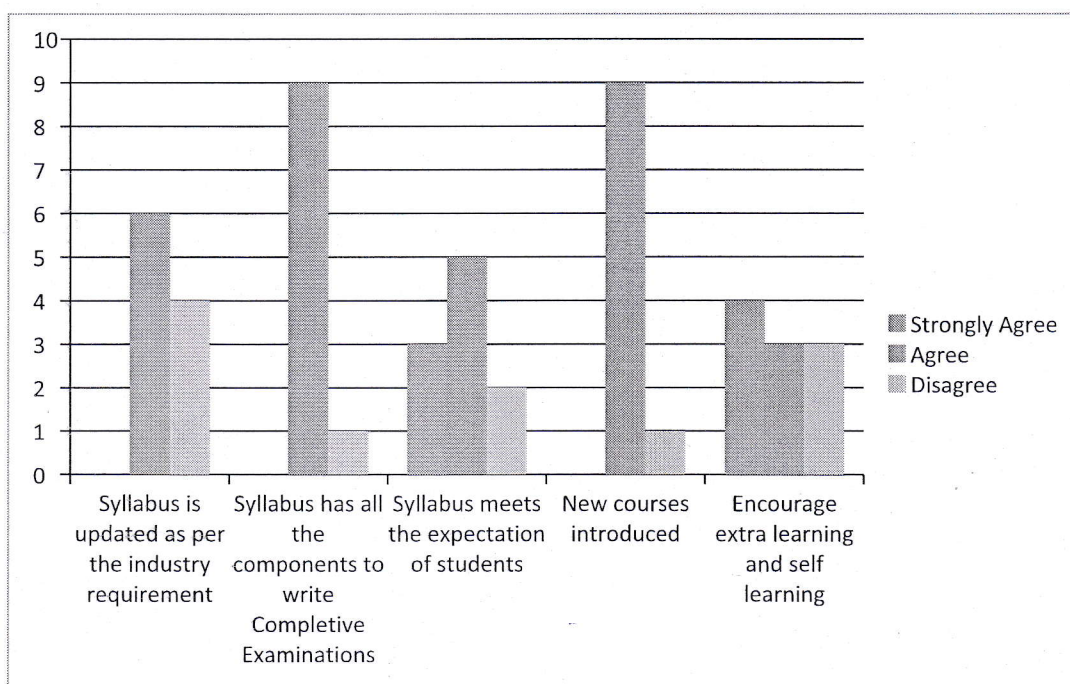

**Alumni Feedback Report**

**2021 – 2022**

**INTRODUCTION**

This institution affiliated to Manonmaniam Sundaranar University, the computer science department follows the curriculum designed by it. The structured feedback regarding design and review of the syllabus was obtained from students, alumni and teachers. In order to obtain the feedback, a structured questionnaire was designed to elicit the responses regarding relevant issues concerning design, review and delivery of syllabus. This section includes analysis of feedback obtained from Alumnus.

Feedback on design and review of syllabus was collected from alumnus of the institute. Analysis of the feedback is presented in chart and table

Parameters	Strongly Agree	Agree	Disagree	Strongly Disagree
Syllabus is updated as per the industry requirement	-	6	4	-
Syllabus has all the components to write Complete Examinations	-	9	1	-
Syllabus meets the expectation of students	3	5	2	-
New courses introduced	-	9	1	-
Encourage extra learning and self learning	4	3	3	-

**Conclusion:**

The response of maximum from alumnus regarding design and review of syllabus was satisfactory. They found that the syllabi was relevant to job oriented and knowledge imparting.

**2021-2022**

**ALUMINI FEEDBACK REPORT**

The alumni suggested that the knowledge and the perspective in the subject area is well covered in the curriculum. They also felt that the curriculum generated interest in research. They strongly agreed the course content helped to develop their analytical, logical, technical and creative skills. Most of the alumni have a very good opinion on the programme and facilities of the college.
