SCIENCE, KALIYAKKAVIALAI**

Report On

**“EDUCATIONAL TRIP TO OOTY, MYSORE AND
BANGALORE,”**

FOR FINAL YEAR M.Sc. AND B.Sc. PHYSICS STUDENTS

DATE: 21ST JANUARY- 23RD JANUARY 2018

Preamble:

Nanjil Catholic College of Arts and Science, Kaliyakkavilai organized 3 days educational tour to Ooty, Mysore and Bengaluru from 21st January- 23rd January, 2018 for the final year students of M.Sc. and B.Sc. Physics. The visit was organized with the prior permission of Hon. Secretary and guidance from H.O.D and the trip co-ordinator.

Our journey started from Nanjil College on 20/01/2018 in the evening 7pm by bus. The long journey started with great joy and excitement. The feel of hot and cold breezes was felt throughout the journey with lots of funny remarkable moments and the laughter continued all over. We landed Ooty in the next day morning by 5.30 am. Time slot of 1 hour was decided for fresh up and then we planned to move for our first site visit.

Day 1: 21/01/2018(Ooty)

We reached the most beautiful place Ooty on this day. We reached the **Doddabetta tea factory** by 9am. The students were enriched with the knowledge of the method of preparation of tea directly from the tea factory. They also viewed the method of preparation of chocolates of various flavours. There by, purchasing the various flavours of chocolates and tea, the journey moved towards the Govt. **Botanical garden, Ooty**. We spent hours in **Rose garden** and finally went to **Pine forest**. The weather was beautiful with light mist all around. Came back after enjoying the speed boating at **Pykara lake**,

moved towards the Mysore city. We reached Mysore by night 9pm and had a stay there.

Day 2:22/01/2018 (Mysore)

The very next morning we got up and packaged our luggage all set to go. Everyone had the breakfast and waited for the next site. We left the place at 6.30am in the morning.

1)Chamundi temple, Mysore

Being one of the oldest Hindu traditional temple located at the top of the hills and completely crowded with the devotees. Everyone seek the blessings of the Goddess Durga after waiting in a long line. After coming out, many of them shopped some items.

Without wasting much time, we left from the temple within two hours for our next site, which took almost one hour to reach.

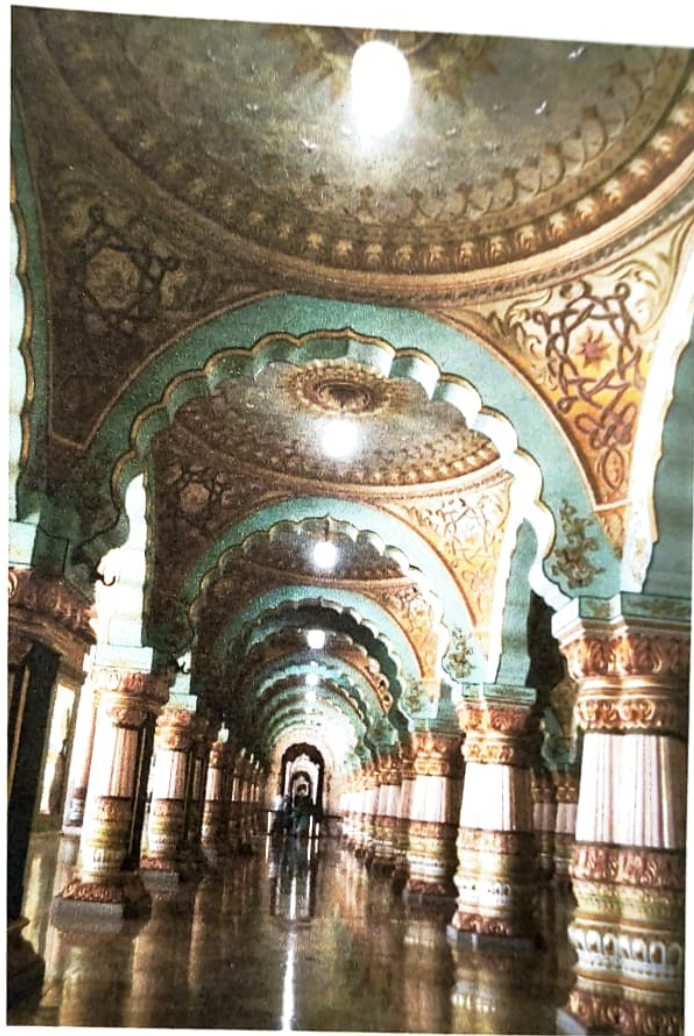

2) Mysore Zoo:

It is one of the oldest and most popular Zoos in India, and is home to a wide range of species. Mysore Zoo is one of the city's most popular attractions.

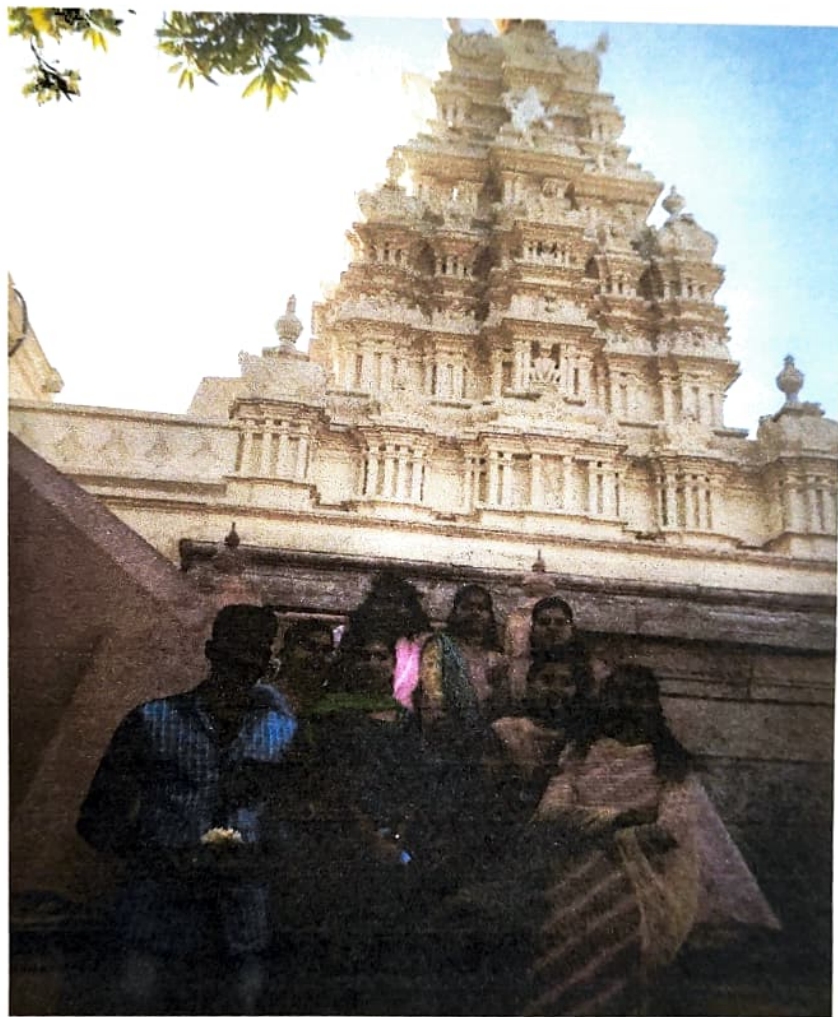

We enjoyed very well by seeing the various rare species of animals and birds. Then we had lunch, near the Mysore Zoo and we were ready to visit the next site.

3)Mysore Palace:

We reached the incredible historical place known as “Mysore Palace” which is located at the inner Mysore and it is the one of the

tourist attractions in India. The burning heat, brighter sun and the great architecture was shining bright. The minute detailing of the palace surprised us with great art work surrounded by the large garden. Our next site was yet another most interesting part of our visit.

4)St.Philomena's Church, Mysore:

The most beautiful and distinctive landmark of the Mysore city. It is recognized as the second largest church of Asia. We took the blessings and attended the ceremony for 10-15 minutes and then we moved to Vrindavan garden in Mysore at around 4.30 pm.

5)Vrindavan Garden:

The Vrindavan garden, a celebrated beauty spot, primarily a terrace garden is world famous located immediately behind the **Krishna Raja Sagar dam** site. We reached there at around 6 pm and students scattered into different clusters for experiencing new joy at aquarium. As we visited this place at late evening, therefore the night beauty was amazed us with all the lighting and lamps. The night fountain show had its own charm where most of the mob was identified.

Everyone spent their quality time in camp fire and we gathered again at the same place from where we left. After a fantastic moments we moved ahead to our hotel rooms and had lovely supper for the last night .

Day 3: 23/01/2018 (Bangalore)

On the next day morning the team moved for an industrial visit to **Visvesvaraya industrial and technological museum** at Bangalore.

This museum is a vital part for understanding the different models of scientific instruments. This visit was planned in order to know the role played to fill the gap between academics and industrial learning. The museum was divided into different parts. They are **BEL Hall of electronics, Science on a sphere, Dinosaur alive** etc....Surprisingly it was one of the best parts of the visit.

SOME FLUID FLOW

When you rotate the sphere, the fluid inside remains stationary at first. Eventually, frictional forces between the inner surface of the sphere and the fluid start the fluid rotating. The speed of the fluid varies with its depth and distance from the inner surface of the sphere. Under some conditions, the fluid flow shifts from laminar to turbulent. Often the boundary between regions of laminar and turbulent flow shows large-scale swirls reminiscent of weather systems in the atmosphere of the earth and other planets.

Turn the wheel to rotate the sphere. The swirling particles in the liquid make the flow patterns visible. Observe the swirling, storm-like patterns formed in the liquid inside the sphere. Repeat by rotating at different speeds. When you rotate the sphere the fluid inside remains stationary at first. Eventually, frictional forces between the inner surface of the sphere and the fluid start the fluid rotating. The speed of the fluid varies with its depth and distance from the inner surface of the sphere. Under some conditions, the fluid flow shifts from laminar to turbulent. Often the boundary between regions of laminar and turbulent flow shows large-scale swirls reminiscent of weather systems in the atmosphere of the earth and other planets.

Everyone had lunch and then a slot of one hour in the evening provided for the shopping purpose to all.

End:

For the last time, we were enjoying the bus journey and everyone rocked the floor of the bus with their moves and shakes. The colorful lights added an extra enthusiasm among the mindset of the students. All the tired bodies took a relaxed sleep in the night journey and next day 24th January 2018 morning we were back to our home . Finally we left for our respective destinations.....

Thus making sweet memories forever.....

INTRODUCTION

As per the curriculum of the study of the degree Master of Social Work (MSW), the study tour for the MSW final year students was held on December 7 to December 14, 2017. There were 17 social work trainees accompanied with Head of the Department and Three faculty. The place that was chosen for the study tour is Mumbai and Goa.

OBJECTIVES OF THE VISIT

- With an aim to beyond academics, study tour provides the social work trainees a practical perspective on the world of work.
- Apply critical thinking skills within the context of professional social work practice.
- It provides the social work trainees with an opportunity to learn practically through interaction, working methods and employment practices.
- Understanding the value base of the profession and its ethical standards and principles, and practice accordingly.
- It gives them exposure to current work practices as opposed to possibly theoretical knowledge being taught at college.

DAY SCHEDULE

- DAY 1: Travel from Trivandrum to Mumbai
- DAY 2: Reaching Mumbai
- DAY 3: Visit to Lokmanya Tilak Municipal General Hospital
- DAY 4: Site seeing in Mumbai
- DAY 5: Visit to TISS and RCF Ltd., Travel to Goa
- DAY 6: Reaching Goa, site seeing
- DAY 7: Site seeing, Travel back to Home Town
- DAY 8: Reaching Trivandrum Central

DAY 1 : TRAVEL

Date : 07-12-2017

As per the plan Social work trainees and the faculty members reached the Trivandrum Railway station on time (9.00 am) 17 Social Work trainees with the Head of the Department and Three faculty members started the journey.

LEARNINGS

- Skill in organizing activities
- Skill in rapport building
- Guiding and motivating the friends

DAY 2 : REACHED MUMBAI, ACCOMODATION

Date : 08-12-2017

The train reached the Mumbai Lokmanya Tilak Railway station at 5.45 pm. Then the Social Work trainees moved the accommodation place arranged for the Trainees and the faculty members (Hotel Guest INN Residency). The accommodation was perfect for the Social work trainees and faculty members.

DAY 3: LOKMANYA TILAK MUNICIPAL GENERAL HOSPITAL

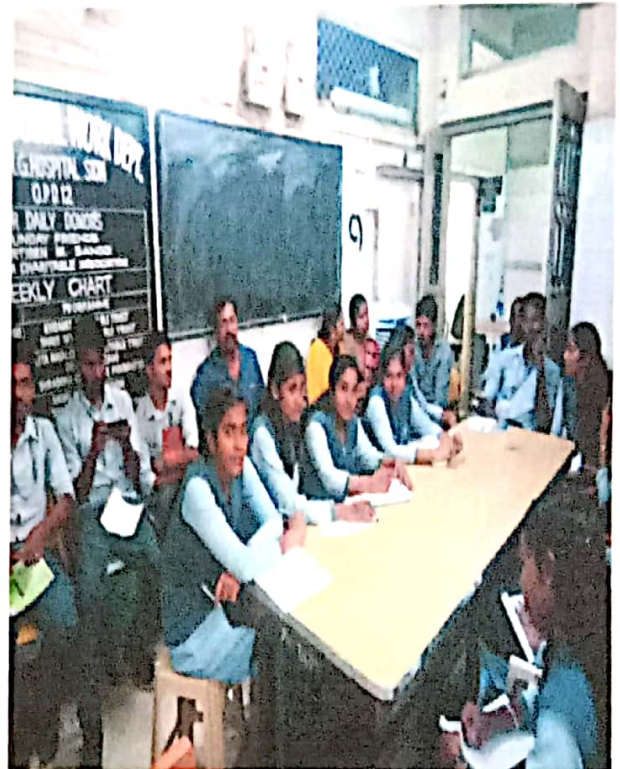

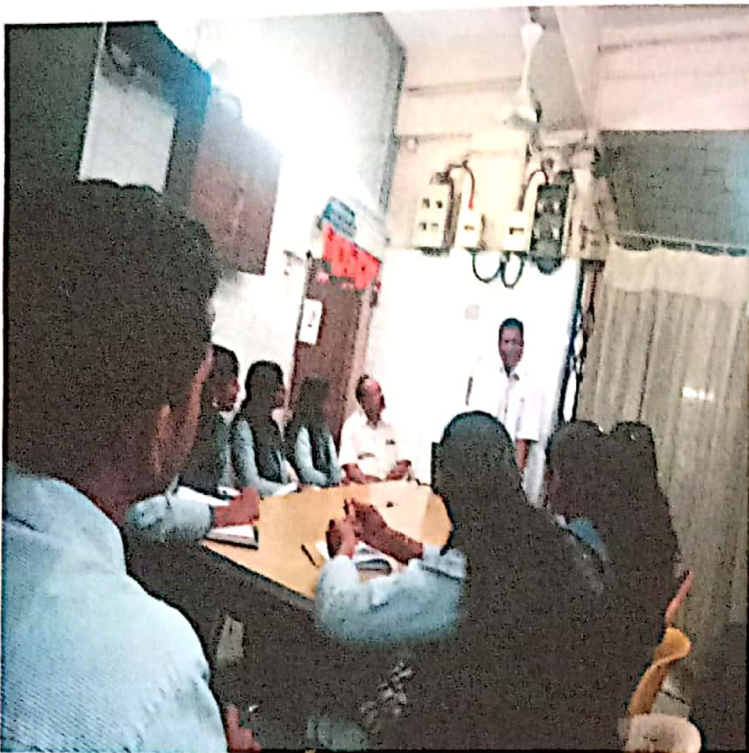

Date: 09-12-2017

After the morning duties the Social Work trainees had their breakfast and started to travel to visit the Lokmanya Tilak Municipal General Hospital at 9.30 am reached the place. The Social work trainees with their faculty met the Community Development Officer Mr. Prakash Galkward and the Dean . The Community Development Officer guided the Social Work trainees in spite of his busy schedule guided the trainees.

LEARNINGS

- It was started in 1947 with 10 beds initially, which has now grown into multi-speciality hospital with more than 1,400 beds. In the same campus, it is attached to Lokmanya Tilak Municipal Medical College (LTMMC) which is a teaching institute for undergraduate and post graduate studies in medical sciences.

- It is named after Lokmanya Tilak, an eminent Maharashtrian freedom fighter in pre-independence India.
- The hospital has the following departments: Anatomy, Anesthesiology, Biochemistry, C.V.T.S., Cardiology, Dentistry, Dermatology, E.N.T., Forensic Medicine, Gastroenterology, Gyn. & Obst. Medicine, Microbiology, Neuro-Surgery, Neonatology, Ophthalmology, Orthopedics, Occupational Therapy, Pediatrics, Community Medicine (P.S.M.), Pathology, Pharmacology, Pharmacy, Physiology, Psychiatry, Physio-Therapy, Plastic Surgery, Pediatric-Surgery, Pulmonary Medicine, Radiology, Surgery and Urology.

DAY 4 : SITE SEEING IN MUMBAI

Date: 10-12-2017

The fourth day of our study tour begins with a fresh morning. The day was Sunday so there had no curriculum visit for the trainee on that day. There for the trainee planned to go for the site seeing and shopping. At 8.50 am the trainee had their breakfast after had breakfast the trainees went to visit Nariman point, India gate, Elephanta caves, Red light area and Dhadar market.

DAY 5 : TATA INSTITUTE OF SOCIAL SCIENCE AND R C F Ltd.

Date: 11-12-2017

After the morning duties the Social Work trainees had their breakfast and started to travel to visit the TATA INSTITUTE OF SOCIAL SCIENCE at 9.30 am reached the place.

LEARNINGS

- The **Tata Institute of Social Sciences (TISS)** is a social sciences institute with its main campus based in Mumbai, India. Since its establishment in 1936
- **Tata Institute of Social Sciences** has been one of the premier institutes in India in social sciences, human development, public policy and economics.
- TISS also has campuses in Hyderabad, Guwahati, Tuljapur and an extension campus at The Banyan Academy of Leadership in Mental Health (BALM), Chennai .

- TISS was established in 1936, as the Sir Dorabji Tata Graduate School of Social Work, the first school of social work in India
- TISS was renamed to its current name Tata Institute of Social Sciences in 1944.
- **TISS Mumbai** is the main campus of the TISS. In the year 1964, it was declared Deemed to be a University.

Rashtriya Chemicals & Fertilizers Ltd. (RCF)

Afternoon 2.30 pm Social work trainees and faculty members visit the **Rashtriya Chemicals & Fertilizers Ltd.**

- **Rashtriya Chemicals & Fertilizers Ltd. (RCF)** is a Public Sector Undertaking (PSU) in India under the Ministry of Chemicals and Fertilizers of the Government of India, based in Mumbai.
- RCF is one of the leading producers of fertilizers in India.
- Rashtriya Chemicals and Fertilizers Limited (a Government of India undertaking), was established in 1978 consequent to the reorganization of Fertilizer Corporation of India.
- RCF manufactures Urea and Complex fertilizers (NPK) along with a wide range of Industrial Chemicals.
- RCF is 4th largest Urea manufacturer in India after IFFCO, NFL and KRIBHCO.

DAY 6: REACHED IN GOA

Date: 12-12-2017

The trainee and the faculty members reached in Thivim railway station at 10 am. At 11.30 am the trainees reached in Maizons Lake View resort and fresh up and move to visit Baha beach, Plolem beach and Fort Agunda and the trainees and faculty members went to shopping. At 8 pm the trainees and faculty members had dinner After that dinner the trainees went evaluation up to 10.30 pm. Then went to sleep

DAY 7 : SITE SEEING, SHOPPING and RETURN

Date : 13-12-2017

The seventh day the trainees wake up with eagerly faces to site seeing Goa. The trainees and faculty members went to Anjuna beach and Agunda beach then went to Dolphin trip which one was made enjoyable. It was immemorial event for each trainees and faculty members. After the dinner the trinees and faculty members went to Madgoan Railway station at 9.30 pm. At 11.45 pm the trainee left from Goa to Trivandrum with lot of memories.

DAY 8: REACHING TRIVANDRUM

Date: 14-12-2017

This was the final day of study tour. The trainees and faculty members had wake up with tiredly faces and had breakfast from the train and among themselves the trinees shared the study tour experience. At 7.00 pm the trainees reached Trivandrum from railway station trainees and faculties went to their own houses with dull faces.

Conclusion

Social work trainee enjoyed the study tour. It was an unforgettable experience for the trainee. Trainee got skill like rapport building, coordinating, organizing and got knowledge about Lokmanya Tilak Hospital, Tata Institute of Social Science and RCF Ltd. The visits was really helpful for the trainee.

Report

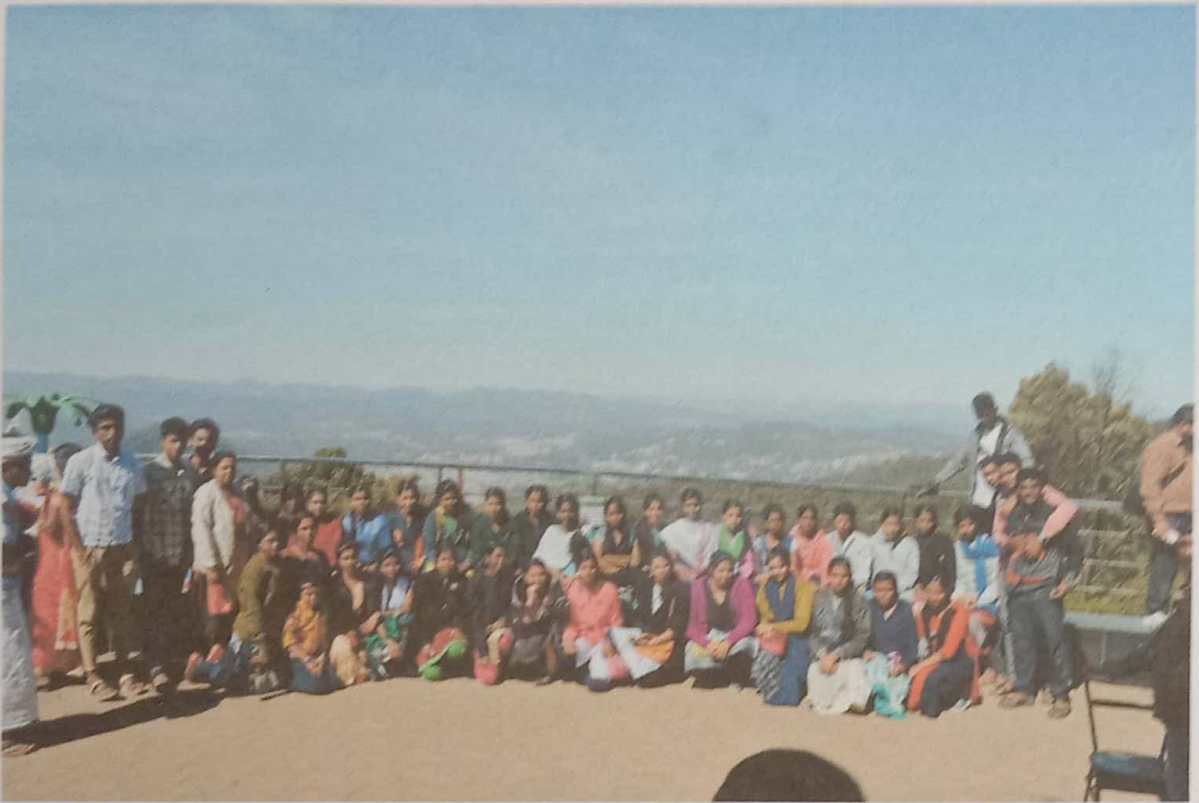

On

Educational Tour to the Beautiful cities in South India

15/01/2019 to 18/01/2019

The final year UG and PG students of Nanjil Catholic College of Arts & Science, Kaliyakkavilai conducted an educational tour on 15/01/2019. About 42 students and 2 faculty members were the participants. The main purpose of the tour was to get the students closer to the natural environment and get the good scientific knowledge.

The team started the journey on 14/01/2019 by 7pm from the college. We reached Mettupalayam by morning 5.30am. We got refreshed from there and started the journey to Doddabetta Tea Factory. The view of tea garden was really an interesting and cool feelings for the students. On tea factory the students enjoyed the preparation of tea of various flavours from the tea leaves. Also the staff and students purchased tea of different flavours from the factory.

From there we moved to the Govt. Botanical Garden in Ootty. There the students were able to view different varieties of roses, pine tree and various other trees and plants in the garden. On return from Ootty we were able to view to the most amazing and surprising spot of Ootty, that is, the Shooting spot. From there we returned to Mysore in the evening.

We reached the Mysore city in the night and had the stay there in a good and comfortable hotel. In the day 2 we started the travel by 7am to the Chamundi hills to the Chamundeswari temple.

There the we visited the temple and the devotees of Lord Durga got the blessing of the God. From there after a small shopping we reached the next spot, the Mysore Zoo , after a good breakfast. By viewing the different varieties of birds and animals. The students were surprised to see the rare species of the birds and animals.

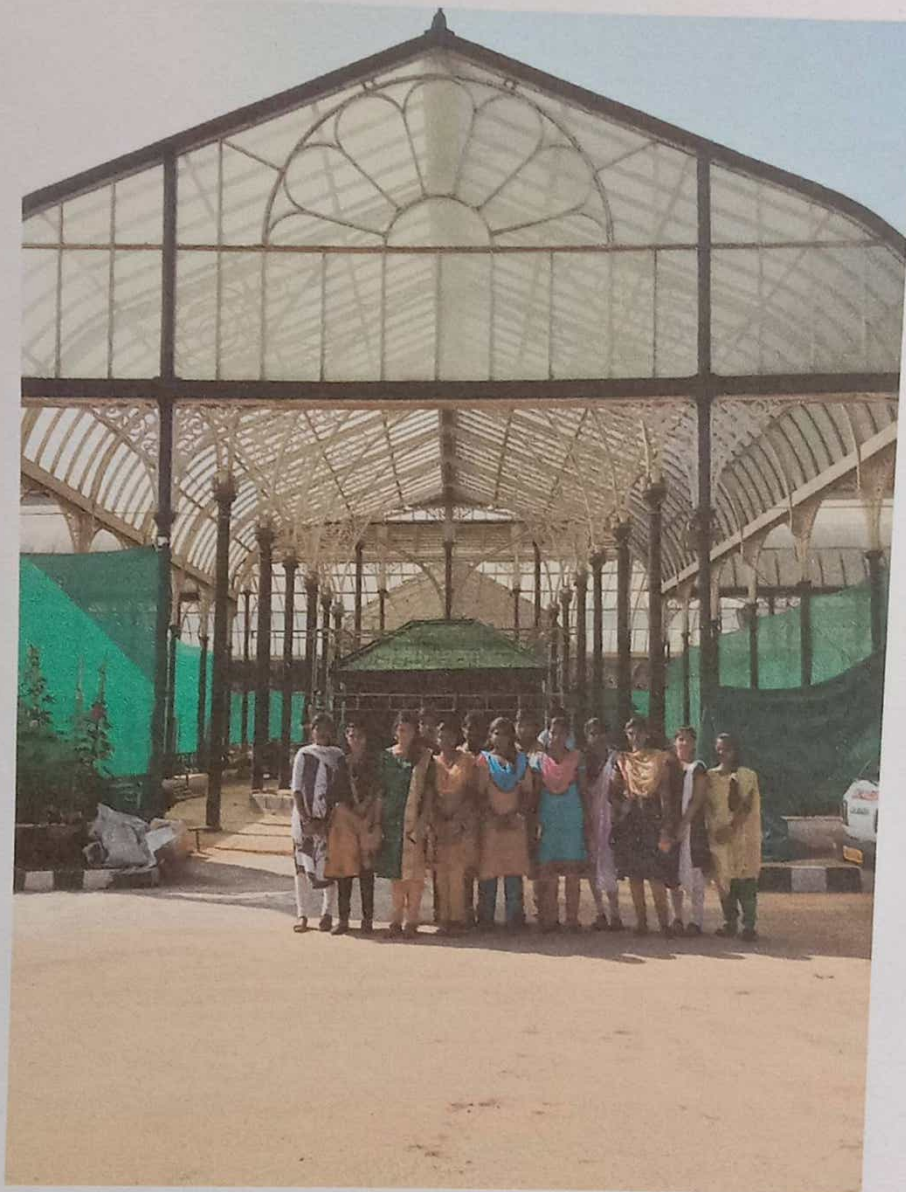

To get away from their tiredness of walking in a large area in the zoo, everyone had the good lunch and then moved towards the Mysore Palace. The students gained the knowledge of the historical monuments and were happy and surprised on seeing the valuable and historical things in the palace. From there the team moved towards the St.Philomina church. After praying a few minutes in the church we travelled towards the Vrindavan garden, where, the students enjoyed the beauty of the garden and played few games over there. At 6pm we moved to see the light show and came back by 7.30pm.

After enjoying the DJ the students had their dinner and went to take rest.

Next day, i.e., the day 3 we started our journey towards Bangalore. There we really enjoyed the amazing arrangement of flower in the garden of Lal Bagh.

The magic of carving of the trees and plants into different shape was really the beautiful view to everyone. After having our breakfast we reached the Visweswarya Scientific Museum of Science and Technology. There the students gained the knowledge various scientific theories and phenomena. The students demonstrated lot of experiments. They got the experience of learning by doing. This is the major spot for the Physics students to get the knowledge of force, light, waves, etc. After enjoying the scientific view and having the

lunch we came to the Shivaji Nagar, at Bangalore. Doing a small purchasing there we got back our journey from Bangalore by 7pm and reached the college campus by 10am of the next day.

REPORT ON STUDY TOUR

On

February 16, 17-2020

The study tour as per curriculum was an exposure trip to a place of educational or historical importance. The tour programme for the Department of Physics was planned for two days, on February 16 and February 17 of 2020. It was the journey towards the state of Karnataka, to visit the cities of Mysore and Coorg.

The study tour provided the situation for the students and teachers to learn and get acquainted with the process of organizing, conducting the study tour and understanding the environment around.

40 students of III B.Sc. Physics of Nanjil Catholic College of Arts and Science, Kaliyakkavilai along with two staff members, Dr. Bidhu S S and Mrs. Beena.V, of the department gathered at College campus by 2pm of February 15th. The journey started by 2.30pm from Kaliyakkavilai with a prayer conducted by Sister Merin Suji of III B.Sc. Physics and Dr. M. Amalanathan, Assistant Professor, Department of Physics. The journey created lot of pleasure among the students. All the students felt that they are from the same family. By enjoying the journey, we reached the city of Mysore by 10am of the next day.

Day 1: Mysore

After getting refreshed at Mysore and having our breakfast, the team moved towards the most beautiful and historical place in India, that is, the Mysore Palace. It is one of the tourist attractions in India. The marble palace is surrounded by a large garden. It's a three storey building, constructed of granite and marbles. The palace is now converted into a museum that treasures souvenirs, paintings, jewellery, royal costumes and other items, which were once possessed by the Wodeyars. The students were really astonished on seeing the art and the tradition of the people in that period. That was really an amazing view.

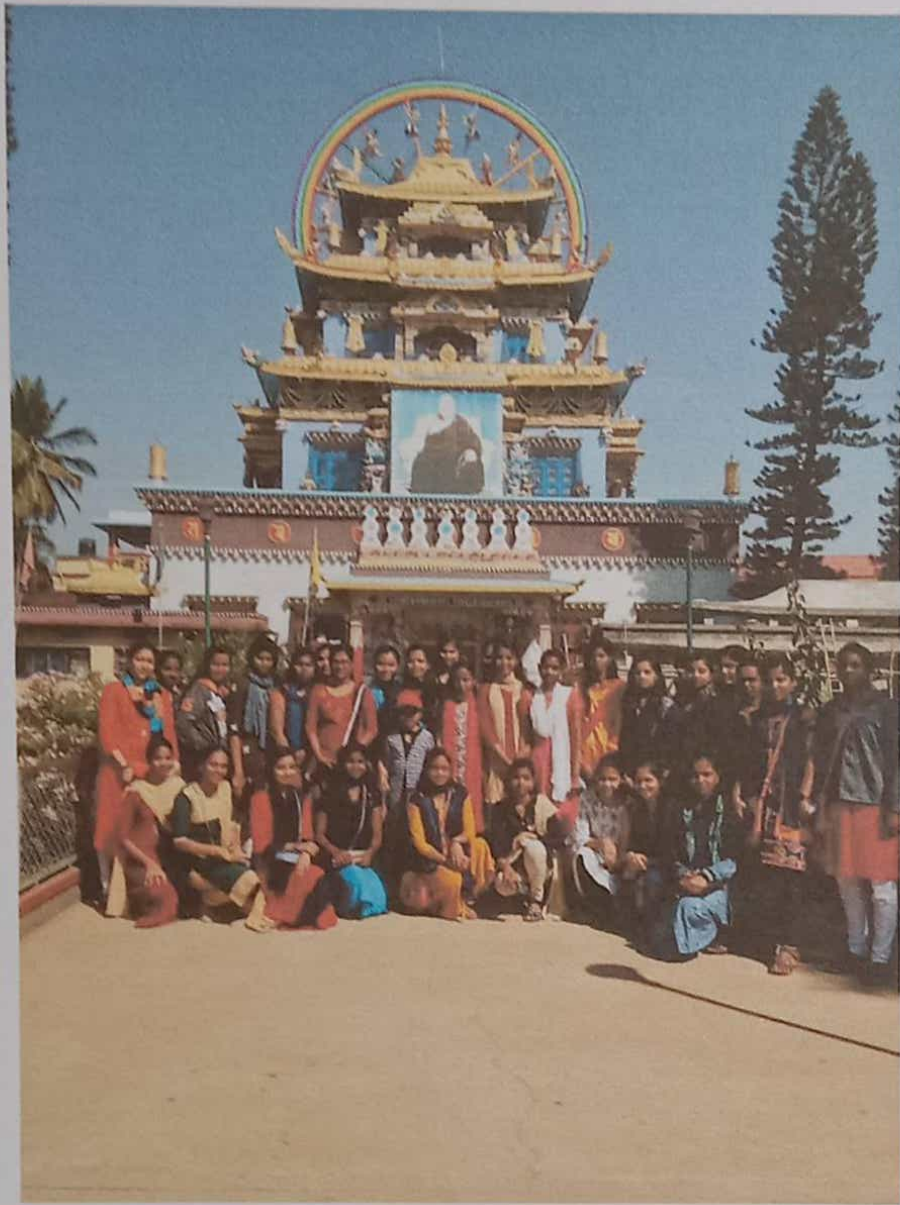

By 12.30pm we moved towards the Zoo in Mysore. It is the oldest zoo in India. Visiting of the zoo reminded the students about the conservation of the Forest and animals. The Zoological Gardens is had a collection of big cats like Cheetah, Jaguar, Tiger, Lion and small cats like Leopard Cat, Jungle Cat, Common Palm Civet and Small Indian Civet. A bridge was made right in the centre of the aviary, to enable visitors to walk through the bridge and watch the birds closely. Painted Stork, Pelican, Blue and White Peacocks, colourful Flamingoes, Cranes, etc. can be seen in this aviary very easily. It is the only zoo in India to exhibit a Gorilla. Everyone enjoyed on seeing it and enjoyed by walking through the zoo for nearly 2 hours. The activity of the monkeys really made the students to forget their tiredness of walking in the zoo.

After having the lunch by 2.30pm the team went to the rest house and after a small refreshment they got back to visit the Brindavan garden. We reached the garden by 4pm. The three-terraced gardens feature many attractions. Water fountains adorn the finely manicured grounds of this sprawling area and some of the main flora found across the Gardens includes beautiful Ficus trees and flowering plants like celosia, marigolds and bougainvilleas. The larger area

around the Brindavan Gardens is a haven for plant lovers and professional horticulturists. One can find the latest growing techniques being demonstrated and different breeds of a wide variety of fruits, flowers and other plants in these large plantations. The students enjoyed there by playing and seeing the view of the garden and the water fountains over there. After a small shopping there, the team moved for DJ, which was arranged for them. There the students exhibited the talent of dancing. After having the dinner we returned back to the rest house by 9.30pm and had a great sleep.

Day 2: Coorg

Next day everyone got freshed up by 6am and started our journey towards Coorg. It is the smallest district of Karnataka. Coorg is also known as Kodagu. Evergreen forests, spices and coffee plantations are found in Coorg. After having our breakfast reached the Namdrolling Monastery by 9am. It is also called Golden Temple, due to its appearance. This is the largest teaching center of Nyingmapa, a lineage of Tibetan Buddhism, in the world and is home to a sangha community of over 5000 monks and nuns. This place is a calm and majestic sight, surrounded by its landscaped gardens. The students were really happy to see the monks in the monastery and enjoyed by taking the selfies with them.

At 12pm we reached the Bamboo forest. It was so nice to see the view of group of bamboo trees in an arranged pattern. The forest has number of tree houses. The students got the experience of climbing up the tree house. Also the forest has a deer park and a stream of water flowing down. After enjoying all these we came back to have our lunch. Everyone had a small shopping of purchasing the coffee, spices and chocolates from there.

Next, we moved towards the Dubare forest in Coorg, there due to the shortage of water boating was not allowed. But the students enjoyed a lot in playing in the stream of water and walking across the river.

By carrying all these sweet memories the team entered the bus by 5pm and returned the journey back towards the college. On the way we had our dinner. With lot of sweet and memorable views the team reached the campus by 11am of the next day.

Study Tour Report

“If you want Light to come into your Life, You need to stand where it is shining.” - **Gay Fintey**

Apart from our Education timetable we have a day to be more involved in practical field. Yes, it was the day (18.10.2019 & 19.10.2019) we the III YEAR of B.Com department has planned to move to the different places to have sightseeing and with it life experience which gives more lessons to our life.

With our department staffs and students planned to move to Bangalore & Mysore for our educational tour with properly planned program. We started our journey with blessing of our Secretary Fr.Eckermens Michel. Our journey was smooth and enjoyable. Early morning we reached Bangalore .One day we spend in sightseeing and played lot of games in wonderla.We re- energized our young sprit through this and next day we visited Tipusultan and Mysore Maharaja Palace. It was wonderful to know the history and gained knowledge .We admired the art of work done in buildings and we were excited to see different colors' and shapes of beautiful flower garden. We all were happy and thanked God for the beauty of the creation.

Each time we see something new. It gave energy to push us to do something new and create some different from our routine life.

STUDY TOUR

Introduction:

A study tour is a part and parcel of the field work training in social work education. It is compulsory for final year students as part of social work training. Study tour help and encourage students to understand the realities in society, both sociological and social work aspects must be covered as far as possible. We organized important institutional visit, ideal villages or community development projects, government and non government funding agencies, slum, and psychiatric hospital also included. Besides this creation of general relevant ideas may also be included like social cultural changes in the places / regions visited exchange of ideas and exposure to group life.

Objectives of study tour

- To provide an opportunity to the students to have a group experience to express their views and to exchange ideas and concepts regarding social aspects and social life.
- To provide an opportunity to study the social cultural changes, values, social practice and phenomena in different parts of the country.
- To enable the students to meet eminent personalities in the field of social work to interact with them to get experiences.
- To study different ideal of social development sources of national and international funds methods techniques skills used by the people in implementing different type of projects.

- To understand the procedures and methods followed in different kinds of funding agencies in different parts of the country.
- To observe and collect information from various sources etc.

Students should use the following techniques to collect information from the places which are to be visited.

- Observation and discussions.
- Interactions and collections.
- Documentation and recording.
- Photographs

Participants of the tour:

27 II MSW students and 2 faculty members Mrs. S Mary Pelsit, Head of the department and Mr.Krishna Prasad K.R, Assistant professor of social work department.

PLANNING:

The trainee conducted different meetings to discuss about the study tour. After the long discussion and meeting the trainees decided to conduct study tour to Mumbai, Pune and Goa for eight days from September 29th to 6th October 2019. It was accepted by the department faculty members and principal of the college. Various committees also formed to maintain the study tour in a successful way. Mr.J. Abish was selected as the tour co-coordinator and Sis.M.Selva Anna Mary as the Asst.coordinator. Flight travel arrangements and booking tickets were done by Fr.D.Shaiju Das and Fr.R.P. Robin Raj. Then the train tickets and the bus were booked by the travel committee members Mr.A.Alan Abislin and Mr.P.Shyju. The accommodation and food was given by Good Samaritan Mission in Mumbai, arranged by Mrs. Mary Pelsit (Head of the dept.). In Goa accommodation was given by Santa Monica Convent at Old Goa and the food was given by St.Xaviers Catering Service, this was arranged by Fr.R.P.Robin Raj and Fr.D.Shaiju Das (student trainees).

Mainly the trainees planned to visit Sion Hospital, Daravi slum, Mazagon Dock Shipyard Ltd, TATA Institute of social science in Mumbai, Chaithanya Hospital in Pune and Goa.

Day: 1

First day of study tour was started at 8:00 am from Trivandrum Domestic Airport with 27 students and 2 faculty members. Flight departure at 10:55 am and arrived Chhatrapati Shivaji Maharaj International Airport, Mumbai at 1:00pm. After that the students and the faculty members to have lunch at 2:00pm. Then the group reached Ancient Pilgrimage Mount, Mary Cathedral Church, Bandra at 3:50pm. The Basilica of Our Lady of the Mount, more commonly known as Mount Mary Church, is a Roman Catholic Basilica located in Bandra, Mumbai. The feast of the Blessed Virgin Mary is celebrated here on the first sunday after 8 September, the birthday of the Virgin Mary. The feast is followed by a week-long celebration known locally as the Bandra Fair and is visited by thousands of people and visited the Bandra beach nearby the church, then the group left Bandra at 5:00pm and reached the staying place Good Samaritan Mission, Vikhroli at 6:00pm. After arranging their things the group had their dinner at 8:30pm.

Day:2

The second day of the study tour was started with prayer at 7:45am. The group had their breakfast after getting the instructions from the tour coordinator at 8:45am. Then the group departure from the staying place to Lokmania Tilak Municipality General Hospital, Sion at Mumbai, and arrived at 10:45am. Social work department in Sion hospital was established on 1956. The orientation was given by Mr. Motiram Krikire, (Community Development Officer) and Mrs. Smitha, Psychiatric counselor. The main activity of social work department was presented through documentation by Mr. Krikire. There are eight community development officers are working under social work department, then the students visited those officers and interacted with them.

This hospital at a unique situation and is the first major referral hospital and caters to all trauma and disasters from both major highways. Started as a fifty bedded hospital and single OPD, in a military hospital, has grown to more than 1400 beds and planning to expand over few years more rapidly. Currently with 300 senior staff members and 550 postgraduate students, it takes care of around 16 lakhs OPD patients and more than 60000 admissions per year. It provides services in all specialties and many super-specialties. With Many Intensive care units and special clinics, it takes care of complex health problems at very affordable cost. It has special clinics on Learning disability, Hemato-oncology, Thalassemia and Stem cell therapy. Over last 65 years it is offering services to the under privileged sections of the society. The main strength of Lokmanya Tilak Municipal General Hospital has been the efficient 'Trauma Care Centre' and emergency Medical services center with the state-of-the-art equipment and facilities. It was the first Trauma Service in our country and possibly in Asia, which has been on a constant 'state of alert' for disasters. This hospital is a nodal center amongst the medical services of the Disaster management plan in the civic context. It has many firsts to its credit like human milk bank, skin bank and first emergency coronary stenting. Social work department plays an major role in the side of poor patients, medical expense. If a particular patient is financially weak he/she can enrollee their name in social work department, so that the members from the social work department will collect the neat evidence and then they will refer for the sponsors for their financial help. Expensive treatments will be also reduced in to a simple amount.

Vote of thanks was proposed by Miss. Shabna at the end of the session. After that the group had lunch at 1:45pm and departed at 2:30pm.

SLUM VISIT:

Next the group visited Prakathi Nagar slum at 3:30pm. The group interacted with the slum people and came to know that their no good water facility, no sanitation, no awareness

about education, when heavy rain fall comes, the slum people have to move from that particular place and also no birth control. And also the group observed the stagnation of water around the slum.

Prakath
i Nagar
slum.

VIJAY ASHRAM

After that the group visited Vijay Ashram, home for dying destitute at 6:30pm. Large number of destitute men without hope have found succor in Brother Peter Paul Raj at VIJAY ASHRAM a home for dying destitute at Vikhroli. 1886 dying destitute have been admitted to Vijay Ashram up to now, out of which 1101 were rehabilitated. 485 of these were brought and admitted to the Ashram by the Mumbai and Thane Police. A short orientation was given by Mr.Shojin (Project Manager). It is as follows:

OUR MISSION

The pleas to increase the capacity have spiraled by leaps and bounds. 50 BEDS ARE NOT ENOUGH TO SOLVE A NATIONAL PROBLEM!

VIJAY ASHRAM STATISTICS

- POLICE ADMISSION = 605
- TOTAL ADMISSION = 1971
- KALYAN ADMISSION = 15
- KALAMBOLI PATIENTS = 2
- TOTAL DISCHARGE = 1148

- TOTAL EXPIRED = 777

Then the group left the center at 7:00pm. That day the entire trainee had a wonderful experience by having dinner in street at 10:00pm and reached the staying place at 10:30pm.

Orientation by
Mr. Shojin (Project Manager).

Day:3

Third day of study tour was started with prayer at 7:45 am, then the group celebrated the birthday of a trainee Miss. Sreeja had breakfast 8:00 am. The group was departure at 9:00am for to visit Varshi Mall and reached mall at 11:00am. The group enjoyed the time and left the mall at 12:00pm. Then the group reached TATA Institute of Social Science (TISS) at 12:45pm and had lunch.

TATA Institute of Social
Science (TISS)

TATA Institute of Social Science (TISS)

At 2:00pm the group attended the orientation programme by Mrs. Sharon (faculty member of social work). The Tata Institute of Social Science (TISS) is a multi-camps public funded research university in Mumbai, India. TISS is Asia's oldest institute for professional social work education and was founded in 1936 in the Bombay Presidency of British India as the Sir Dorabji Tata Graduation School of Social Work by the Sir Dorabji Tata Trust. In 1944,

the institution was officially renamed as the Tata Institute of Social Science and in 1967; the government of India declared TISS as Deemed University under section 3 of the University Grants Commission Act 1956. The social work department has 9 specializations. Around 400 faculty members are working under this university and 42 faculties are from Social Work Department. TISS's academic programs focus on the Social science and offers doctoral degrees in Management and Labor studies, Disaster Studies, development Studies, Education, Gender Studies, Health Studies, Law, Media and Cultural Studies, Public Policy, Rural Development and social Work. Since its inception TISS had focused on Field action including in responding to disasters such as the Partition of India, the Bhopal Disaster and Uttarkhand Flood. In the end of orientation there was a interaction session between Mrs.Sharon and the student trainees. More questions were arising from the side of students and it was clearly explained by Mrs.Sharon. Then the orientation was completed with the vote of thanks by Mrs.Jeba Cristy.

Orientation by Mrs.Sharon.

Vote of thanks by
Mrs.Jeba Cristy.

Sir Dorabji Library

Next the group visited Sir Dorabji Library. TISS Library was established along with the institute in 1936, is one of the leading social science libraries in the country. The library was named as "Sir Dorabji Tata Memorial Library" on 3 May 2002 in the memory of late Sir Dorabji Tata. Indian Library Association conferred the library with L. M. Padhya Best University Library Award in 2008. Currently, the library about 123,000 books and 10,298

journals in principle domains of social sciences. The library also operates centre with assistive technologies "M K Tata Centre for the Visually Challenged and a cyber library which provides computers and internet to the students from economically weaker sections. The library has established national and international collaborations including London School Of Economics Library, Maharakham University, International Federation of Library Association. Special library for MPhil and PhD scholars.

Sir Dorabji Tata

Memorial Library

The group left TISS at 5:00pm and reached the staying place at 6:00pm had tea and snacks. Then the students prepared for evaluation and the evaluation was started at 10:00pm.

Evaluation session

All the social work trainees gathered in a hall for the evaluation session. Each trainee shared their point of merits and demerits. Particularly every trainee and the staff mentioned about the time delay. So the time keeping committee apologised everyone to manage the time in a proper way.

Day: 4

The fourth day of study tour was started with prayer at 7:00am and had breakfast at 8:30am. The group departure from the staying place to Gateway of India, Mumbai. The **Gateway of India** is an arch-monument built in the early twentieth-century located in the city of Mumbai, in the Indian state of Maharashtra. It was erected to commemorate the landing of the first British monarch in India; King-Emperor George V and Queen-Empress Mary's arrival at Apollo Bunder, Mumbai (then Bombay) in December 1911. Built in the Indo-Saracenic style, incorporating elements of 16th-century Gujarati architecture, the foundation stone for the gateway was laid in March 1913. During the royal visit, the gateway was not yet built and a cardboard structure had greeted the monarch. The final design of the monument by

architect George Wittet was sanctioned only in 1914, and construction was completed in 1924. The structure is a triumphal arch made of basalt, which is 26 meters (85 feet) high.

Next the group reached Elephanta Cave through boat for an hour. It was an inspiring delight experience and also the group had mini train experience, it was new and excited experience for all. **Elephanta Caves** are a UNESCO World Heritage Site and a collection of cave temples predominantly dedicated to the Hindu god Shiva. They are on Elephanta Island, or Gharapuri (literally "the city of caves"), in Mumbai Harbour, 10 kilometers east of Mumbai in the Indian state of Maharashtra. The island, about 2 kilometres west of the Jawaharlal Nehru Port, consists of five Hindu caves and a few Buddhist stupa mounds that date back to the 2nd century BCE, as well as a small group of two Buddhist caves with water tanks. The Elephanta Caves contain rock cut stone sculptures that show syncretism of Hindu and Buddhist ideas and iconography. The caves are hewn from solid basalt rock. Except for a few exceptions, much of the artwork is defaced and damaged. The main temple's orientation as well as the relative location of other temples are placed in a mandala pattern.

The carvings narrate Hindu mythologies, with the large monolithic 20 feet Trimurti Sadashiva (three-faced Shiva), Nataraja (Lord of dance) and Yogishvara (Lord of Yoga) being the most celebrated. The origins and date when the caves were constructed have attracted considerable speculations and scholarly attention since the 19th century. These date them between 5th and 9th century, and attribute them to various Hindu dynasties. They are more commonly placed between 5th and 7th centuries. Most scholars consider it to have been completed by about 550 CE.

They were named Elefante – which morphed to Elephanta – by the colonial Portuguese when they found elephant statues on it. They established a base on the island, and its soldiers damaged the sculpture and caves. The main cave (Cave 1, or the Great Cave) was a Hindu place of worship until the Portuguese arrived, whereupon the island ceased to be an active place of worship. The earliest attempts to prevent further damage to the Caves were started by British India officials in 1909. The monuments were restored in the 1970s. In 1987, the restored Elephanta Caves were designated a UNESCO World Heritage Site. It is currently maintained by the Archaeological Survey of India (ASI). At 2:00pm all had lunch and started travel to reached fashion street at 5:00pm for shopping. After shopping the group reached the staying place at 8:00pm and had supper. Then all the trainees visited Vijay Ashram and met Mr. Shojin (Project Manager) and donated 5000 Rs to the trust and finished the Mumbai visit.

Elephanta Cave

Day: 5

Fifth day the study tour was started at 4:00am from Mumbai staying place to Vikroli Railway station to reach Dadar Railway station. From Dadar Railway station kickoff to Pune. The trainees had breakfast at 9:30am. Then the group visited Southern Comman Museum at 11:00am. The **National War Memorial Southern Command** is a war memorial in Pune Cantonment, India, dedicated to post-Independence war martyrs. This is the only war memorial in South Asia which has been erected by citizens' contributions. The memorial was unveiled and dedicated to the nation on 15 August 1998. A MiG-23BN, used in the Kargil War, is on display at the memorial. A replica of the now decommissioned frigate *INS Trishul*, which served in the Liberation of Goa and the Indo-Pakistani War of 1971, is also on display.

MiG-23BN aircraft at
National War Memorial Pune

Recently, the Pune Cantonment Board sanctioned a sum of 32, 00,000 for renovation of the memorial. The work included laying a new lawn, landscaping and laying pathways for visitors. Group acquired more historically knowledge about National war martyrs.

National War Memorial
Southern Command

Next the group reached Pappal Seminary at Pune. **Papal Seminary**, Pune, India, is a Catholic educational institute, primarily meant for the training of future priests of India. At the moment it caters to the formation of about 180 Seminarians from all over India. The group had lunch at 1:30pm from the seminary.

Chaitanya Institute for mental health

Then the group visited Chaitanya Institution for Mental Health at 3:00pm and attended orientation class by Mr. Anto Augustine (co-ordinator). Chaitanya Institute for Mental Health is one of the leading Residential Psychiatric Care Centers in western region of India, established for the acute management and community based psycho social rehabilitation of the mentally ill. Currently Chaitanya provides residential care facilities for patients suffering from various psychiatric disorders such as Schizophrenia, Mood disorders, Personality disorders, Substance related disorders and Geriatric disorders. In reality, Mental illness accounts for five or ten leading causes of distress and disability in Asia. Although there are

various types of mental disorders, schizophrenia which is characterized by abnormalities in the perception or expression of reality has 1 % of the general population affected. Substance Abuse is another major cause of suffering in this world and those with dual diagnosis are even more personified dilemma. Psychological Evaluation, Diagnosis and Acute Care treatment needs to be followed up with Rehabilitation for a better success rate. This gives the patient space to restructure their lives and to gain more insight into their illness, besides giving temporary respite to the Caregiver.

Goal and Objectives:

CIMH's ultimate goal is to reintegrate the chronic, mentally ill back into their families and society. Towards this achievement, Chaitanya works on specific objectives like –

- Providing Psychosocial Rehabilitation services to the individuals suffering from mental illness.
- Offering Psychological and Social Support to the families of the mentally ill.
- Promoting Mental Health and creating Awareness about mental illness in the community.
- Networking with other organizations working in the field of Mental Health.

Then he explained about the services provided were comprehensive Rehabilitation, bio-psycho-social services are always in coordination with various professionals, for the treatment and Rehabilitation of individuals affected with chronic Mental Illness and Substance Dependence. Chaitanya requires Psychiatric Social Workers, Doctors, Nurses and other Staff Assistants like home nurses, etc. Then the session was concluded with the vote of thanks by Miss.Joythisha. Later, the group visited different wards which are planned for the patients with different disorder.

Orientation in Chaitanya
Institution For Mental Health

Vote of thanks by
Miss.Joythisha.

After that the group finished the Chaitanya visit, they went Japanese Garden,**Pune-Okayama Friendship Garden** or **Pu La Deshpande Udyan** is one of the largest gardens located on Sinhagad Road (Narvir Tanaji Malusare Road) in Pune, Maharashtra, India. The garden was inspired by the 300-year-old Kōraku-en Garden in Okayama, so it is also called the Pune-Okayama Friendship Garden. The garden has naturally flowing water from a canal, and this flow has been spread across the garden. The garden is well maintained, and walking on the lawn is not allowed. The garden is built on 10 acres. The style is devised in such a way that people can take a walk through a garden enjoying the landscape, which changes along the garden paths. Visitors can see colourful fish from on top of a small bridge in the center of garden. This Japanese garden has been named after Pu La Deshpande, a well known Marathi

writer from Maharashtra, India. The trainees enjoyed and spending some time there by playing, relaxing and taking photos. Ended the Pune visit at 6:00pm. The group had dinner at 8:45pm and started the journey from Pune to Goa through bus at 9:10pm.

Pune-Okayama Friendship
Garden

Day: 6

The group entered Goa at 10:00am for the sixth day visit. The group had the breakfast at 11:00 am and visited Basilica of Bom Jesus, Old Goa. The Basilica of Bom Jesus (Portuguese: Basílica do Bom Jesus; Konkani: Borea Jezuchi Bajilika) is a Roman Catholic basilica located in Goa, India, and is part of the Churches and convents of Goa UNESCO World Heritage Site. The Jesus church is Indian's first minor Basilica, and is considered to be one of the seven wonders of Portuguese origin in the world. The church contains the body of St. Francis Xavier, died on Sancian Island. The body of Francis Xavier was first taken to Portuguese Malacca and two years later shipped back to Goa. It is said that the saint's body was as fresh as the day it was buried. It is one of the oldest churches in Goa as well as in India. Finished the visit and all the members reached the staying pace and by 2:00pm all had lunch. Shapely at 3:00pm the group reached Baga beach and had boat ride for 45 min and saw Dolphins, Millionaire Palace, Central Jail, Light House and Fort Aguada. During the boating there was a great rain. The group enjoyed the boating during the time of rain and reached the staying place at 8:30pm and had dinner at 9:00am. After dinner evaluation started and each trainees shared their learning experience and suggestions and at 11:30pm the evaluation was concluded.

Evaluation add other foto

Boating in Baga beach

Day: 7

On the day of seventh the trainees had prayer at 7:30am and followed by breakfast at 8:00am the group visited nearby catholic called St.Augustin. The church was built on top of the Monte Santo (Holy Hill), between 1597 and 1602 by Augustinian friars who landed in Goa in 1587. The church was considered as one of the three great Augustinian churches in the Iberian world along with El Escorial and the Monastery of Sao Vicente de Fora. The church was abandoned in 1835 after the Portuguese government of Goa began evicting many religious orders in Goa under its new repressive policies. The subsequent neglect caused the vault of the

church to collapse in 1842. The body collapsed soon after and by 1871, the bell was moved from the tower to Our Lady of the Immaculate Conception Church in Panjim, where it remains to date. In 1931, the facade of the church and half the tower collapsed and by 1938, most of the other parts had also collapsed. Currently only half the tower remains, and it is one of the most visited tourist destinations in Goa. The ruins were featured in the song *Gumnaam Hai Koi* from the 1965 suspense thriller movie *Gumnaam* and 'Saathiya' from the bollywood hit *Singham*.

St. Augustin

Catholic Church

Then the group departed at 8:45am to visit Big Foot Art Gallery. A miniature Goan village set up to recreate the rural life of old days. It is privately run by an artist called Maendra Jocelino Araujo Alvares. The open-air museum recreates Goan rural life as it was a hundred years ago. At Ancestral Goa there are a number of places to visit such as an art gallery where one can see work done by local children and artists of State and National fame. There is a handicraft centre where one can get some locally made Goan artifacts, Big Foot dance floor, Big Foot restaurant, a cross, a spring known as Boca da Vaca, a bird habitat, a spice yard, rubber plantations and lots more.

In this model village one can also see different miniature houses that showcase traditional occupation and social classes such as fishermen, Goan artisans, a Music school known as Escola da Musica, farmers, liquors shops, the village market, and a feni distillery. The main highlight however at Ancestral Goa is the giant 14 meter sculpture of Sant Mirabai

carved in 30 days by MJA Alavres the enterprising artist cum museum owner. This has been cited in the Limca book of records for being the longest laterite sculpture in India. At Ancestral Goa one is accompanied by a guide who explains the exhibits. Also one can purchase souvenirs on the way out from the handicraft centre. The museum is open on all days from 9 am to 6 pm and has a small entry fee. The museum has many sections with the reception and Parasuram, The Legendary Lord who is the avatar of Lord Vishnu is believed to have created the land of Goa by shooting an arrow from the Sahyadri mountains into the Arabian Sea.

Layout - The museum also has fisherman - Victorin, cowshed and haystack. Then comes the Bhatti- Jaki's distillery where Goa's famous "Feni" and "Urak" is distilled. Each traditional things were explained by an audio recorder and the statuses were displayed.

Then the potter - Nandu, Then carpenter - Inas and the Shepherd-krish. The Craft Village where craftsmen are busy working on their ware.

Then comes the flower-seller, Basket Weaver, Bangle seller, Gram seller, The Cobbler and Tinto, which is a market place where fresh food products are sold.

Then Anand's House, Music school of Maestre Cloude, Posro, the general stores or a shop, Taverna , the Country liquor shop made of stone and mud. Then Goan Farmer, Fowl-Path, the Hutch.

The Legend of the Big Foot: Anyone stepping on it pure at heart will be blessed with good luck. Then there is a Bird Display, Old Warrior, and Cave- Water Station.

Big Foot – Art Gallery

After that the trainee had lunch at 1:00pm and then visited another beach Dona Paula. The place is named after Da. Paula Amaral Antonia de Souto-Maior, a historical figure in Portuguese India. She was related to the Portuguese Viceroy of Jaffnapatnam, in Sri Lanka. She and her family arrived in Goa in 1744 and she married a Fidalgo from Spain in 1756. Her father was D. Antonio Caetano de Menezes Souto-Maior. They were an extremely affluent family, and the entire property from the present day Cabo Raj Nivas all the way to Caranzalem

belonged to the Souto Maior's. She died on 21 December 1782 .Dona Paula was a woman of charity and is known to have helped the villagers and worked a lot for their betterment, so after her death, the villagers decided to rename the village as Dona Paula. Initially the village was called Oddavell. The Dona Paula Beach is also a major tourist attraction. According to a local myth, Dona Paula entombed in the Cabo Chapel, the residence of the Governor of Goa and is supposed to be seen emerging from the moonlit waves wearing only a pearl necklace. Several tourists as well as locals guided by this myth visit the beach for a glimpse of Dona Paula. The Cabo Raj Bhavan is situated at a scenic spot of Dona Paula. It is also home of a historic British war-graves cemetery. After the end of Portuguese rule in Goa in 1961, Dona Paula became a fashionable residential area and address. Group enjoyed in the beach and the group went for shopping and returned back to the staying place at 6:30pm.

Dona Paula Beach

Then all had their dinner at 8:00pm and the group finished their Goa visit, then departed at 9:00pm to Dabolim Airport and reached Cochin Domestic Airport at 1:00am. Next the group came to the railway station and took Jeyanthi Express to reach Thiruvanthapuram. From Thiruvananthapuram group dispersed. Finally the study tour was successfully completed by the social work trainees.

Learning:

- The social work trainees acquired knowledge on historical important places especially economic, political and cultural life of visiting places.
- The social work trainees learned the profile picture of Sion hospital and the role of medical social work in various departments.
- The social work trainees received a face to face experience in the Slum and their life situations.
- The social work trainees collected knowledge about TATA Institute of Social Science.

- The social work trainees obtained the services provided in Chaithanya Institute for Mental Health.
- The social work trainees improved the observation skill, rapport building, skill of analyzing, problem solving, adjustment etc.

Evaluation and Conclusion: add students evaluation

The study tour from 29/09/2019 to 06/10/2019 rendered lot of learning, knowledge and experience to the trainees. The social work trainee got a chance of visit various social work settings and identified the role of social work. The trainees got good support and co-operation from all agencies. The trainee also maintained good rapport and interaction with various individuals and groups. During the time of evaluation all the trainees actively involved and they all shared their learning experiences and their difficulty, for the HR students they could not visit Mazagon Dock shipyard because of some official arrival in shipyard, the visit was not allowed. Every trainee was in mood of enjoying, so for the first two days they did not take any notes, later on the staff advised the trainee “our visit is not only the part of enjoyment but also the learning, it should be keenly observed and noted but the individuals”. On the final day of evaluation trainee recognized that if we have concentrated in timing, we could have visited more places. So all the trainee learned time is more value and important in our day today life. After each evaluation the corrections where shared by the trainees and the staff, it was taken serious by the trainees and corrected properly by each trainee. Finally, the study tour was very much informative to the trainees. The trainees got vast knowledge of scope of social work.

INTRODUCTION

The final year social work students from nanjil catholic college of arts and science arranged a study tour from 7th dec to 8th dec 2020 as the partial fulfillment of msw curricular. These were 6 students for the journey. The places chosen for the purpose is thoothukudi. The main goal settled by the trip was to learn enrich and experience the insights about the role of a social worker in human resource management.

OBJECTIVES:

- 🕒 To observe the function of trade union.
- 🕒 To observe the safety measures in industries.
- 🕒 To observe the procedure of salary administration
- 🕒 To know about industrial disputes
- 🕒 To know the disciplinary procedure in industries
- 🕒 To understand ESI and EPF scheme
- 🕒 To know the recruitment process in industries

PROGRAM EXECUTION IN DAY SCHEDULE

Day 1 : virtual training program

Day 2 : visit to venus home appliances (p) Ltd

Day 3 : visit to NLC tamilnadu public limited

Day 1

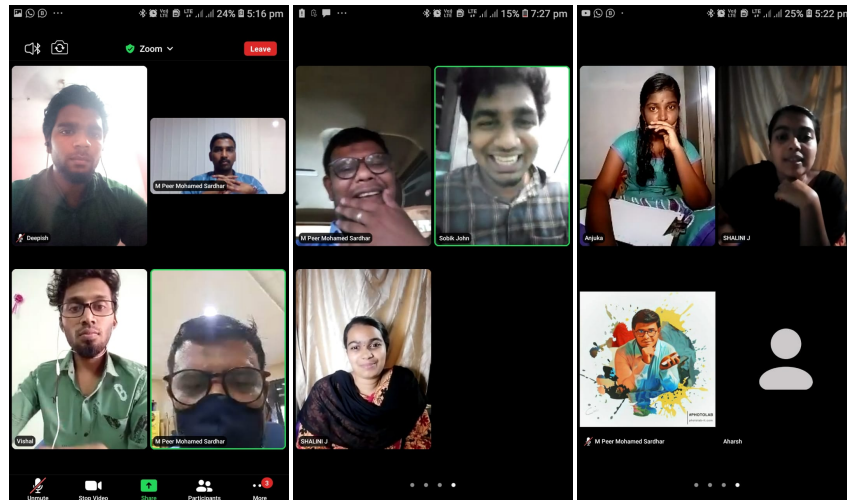

VIRTUAL TRAINING PROGRAM ABOUT ESI, EPF AND RECRUITMENT PROCESS OF COASTAL ENERGEN PVT LTD

Date : 26/11/2020

As per the scheduled plan the social work trainees attended the virtual program about esi ept and recruitment process of coastal energen pvt ltd at 5.00 pm to 8.00 pm. One of the hr trainee mrs. Shaline delivered welcome address.

Mr. M. peer Mohamed sardhar hr manager , explained about the esi, epf, recruitment process details. Then hr trainee mr. sobik john delivered vote of thanks. The session was completed at 8.00 pm.

VIRTUAL TRAINING PROGRAMME:

DAY 2

VENUS HOME APPLIANCES PVT LTD

DATE : 07/12/2020

As per the scheduled plan, the social work trainees reached thoothukudi at 7.30 am. And then, the HR trainee started their journey to Venus home appliances pvt ltd at 9.15 am. The hr trainees reached venus home appliances pvt ltd and the orientation was given by MR. dhilip kumar(HR assistant), mrs. Sahana (HR assistant) and Mr. manikandan (hr and admin manager) at venus home.

Mr. dhilip kumar gave short notes about the company. It was established in 1950. Venus got ISO 9001:2015 certification from burean veritas and is ISO 14001:2015 and ISO 450001 : 2018 certified : a measures of its commitment to quality.

Mrs. Sahana explained about industrial disputes.

VENUS HOME APPLIANCE PVT LTD

DAY 3

NLC TAMILNADU POWER LIMITED

DATES : 08/12/2020

As per the scheduled plan trainees went nlc at 10.00 am. After all the security protocols of cisf, we entered into the industry. Mrs. Vidhya lakshmi the environment engineer of the industry welcome and guided us towards the hr

department. In hr manager greeted us and directed towards asst hr manager, mr. selvam john and the trainees introduce to him.

Based on the objectives proposed by the trainee. The hr trainees are went to safety office and introduce us to the safety officer, Mr. ravi. A detailed orientation vestibule safely demo was provided to the trainee by the assistance safety officer mr. kiruba manohar and mr. prabha.

REPORT ON STUDY TOUR

On

March 4-5, 2022

The study tour as per curriculum was an exposure trip to a place of educational or historical importance. The tour programme for the Department of Physics was planned for two days, on March 16 and February 17 of 2022. It was the journey towards the state of Kerala, to visit the cities of Munnar and Kochi.

The study tour provided the situation for the students and teachers to learn and get acquainted with the process of organizing, conducting the study tour and understanding the environment around.

27 students of III B.Sc. Physics of Nanjil Catholic College of Arts and Science, Kaliyakkavilai along with two staff members, Mr. Sahaya Raj and Mrs. Beena.V, of the department gathered at College campus by 5.30 pm of March 3rd. The journey started by 6 pm from Kaliyakkavilai with a prayer conducted by Dr. M. Amalanathan, HOD and Assistant Professor, Department of Physics. The journey created lot of pleasure among the students. All the students felt that they are from the same family. By enjoying the journey, we reached the city of Munnar by 4 am of the next day.

Day 1: Munnar

After getting refreshed at Munnar and having our breakfast, the team moved towards the most beautiful in India, that is, the Munnar hill stations. It is one of the tourist attractions in India. The climate was favourable and got a quiet beautiful atmosphere. The students were really astonished on seeing the hill station. That was really an amazing view. Then head to the Rajamala Eravikulam park and enjoyed the spot. Then move to Ecco-spot. Next visited mattupetti Dam and walked through, enjoyed the sceneries and took photographs.

Next destination was pine forest, which is the best experience to see giant pine trees of about 20-40 M height and glimpse of nature. The sky, nature, atmosphere we experienced was very beautiful which cannot be expressed through words. Then moved to Kundala Dam . It was a nice experience with the sounds of birds. At 1 pm we had lunch. Then we visited tea plantation, Kannan Devan Hills plantations. From there we understood how the teas powder was manufactured from tree leaves. We purchased tea products from there. After that we reached the hotel and take the dinner.

Day 2:

We started our journey at 6 am on the next day to Kochi. At 9.45 am we reached Marine Drive and had boating. The backwaters offers a great boating opportunity of nature. After that we went to Wonderla. It was an amusement park with lots of activities and fun in land, air and water. All the riders are so wonderful and we enjoyed these very much. We had lunch there. Till the evening we enjoyed the Wonderla a lot.

By carrying all these sweet memories the team entered the bus by 6 pm and returned the journey back towards the college. On the way we had our dinner. With lot of sweet and memorable views the team reached the campus by 7 am of the next day.

Preplanning:

The final year social work trainees planned to arrange a study tour for M&P and HR trainee. Because of covid pandemic trainee decided to arrange the tour separately.

The next meeting held on November 10. On this meeting, the HR trainees selected Ms. Aquilin Bettila as the tour coordinator. The place chosen for these purpose is Thoothukudi. On of the HR trainee Mr. Aravind. A, public relation coordinator seeked permission from four companies namely DCW Pvt Ltd, VV Trade union, MAX at Thoothukudi due to covid pandemic three companies rejected the request. The company were permitt the HR trainees to visit the company on 18/11/2021. The trainees were asked to wear Formal dress, shoes, mask etc when entering in to the industry. The trainees accepted the rules and planned to visit the company. The trainees decided to go Thoothukudi on 17/11/2021 evening and planned to retun 19/11/2021. Trainees planned to start their travel at 2.30pm and reached Thoothukudi at 7.30 pm. Mr. A. Aravind arranged accommodation at Thoothukudi.

Performed Activities :

After reaching Mr. A. Aravind's home, the trainee got refreshed and had dinner. Then trainee planned to next day programme. Next morning the trainee wokeup at 4:00am and cooked breakfast. As per the scheduled plan, The HR trainee visited the DCW private Ltd at 8:45 am. After all the security procedures, then entered into the industry. Mr. Nagaraj, guided the trainees to the training hall and introduced Mr. Ravi Kumar, environment manager and Mr. Suresh, Energy manager of the company. The environment manager and energy manager gave a detailed note on the history and the production procedure of the DCW private Ltd. DCW is a diversified manufacturer of basic chemicals, such as: Caustic Soda, Liquid Chlorine and Chlorine based products such as Trichloroethylene and HCL, Upgraded Ilmenite or Synthetic Rutile, Yellow Iron Oxide, PVC Resin, Soda Ash, Ammonium bi-carbonate and Liquid Bromine and Bromide. Then Mr. Ravi kumar introduced Mr. Suresh, Energy manager and Mr. Sathya moorthy, safety officer. They shared information about fire, safety and environmental control measures.

Industrial safety:

Industrial safety is mainly related to the minimization of various industrial hazards. Any physical or chemical situation which can result in the injury of an individual or can cause any kind of harm to the health of a person is termed as a hazard. Hazards can result in some types of dangers or threats. Due to the occurrence of millions of industrial accidents causing either the death or momentary or permanent disability of the manpower and huge losses caused to the property and assets damages and unutilized man and machines hours, the significance of industrial safety is becoming more important.

Safety equipments:

Personal protective equipment (PPE) is protective clothing, helmets, goggles, or other garments or equipment designed to protect the wearer's body from injury or infection. The hazards

addressed by protective equipment include physical, electrical, heat, chemicals, biohazards, and airborne particulate matter. Protective equipment may be worn for job-related occupational safety and health purposes, as well as for sports and other recreational activities. Protective clothing is applied to traditional categories of clothing, and protective gear applies to items such as pads, guards, shields, or masks, and others. PPE suits can be similar in appearance to a cleanroom suit.

ACCIDENTS

Accidents never happen but are caused. They are not accidental. They are not accidental but are due to fore seeable causes! Accident means an injury to the worker occurring during and in the course of his employment. The criterion for accident are 1) Injury must occur during working hours 2) It must occur in the course of work 3) The injured person must be a worker.

Accident proneness:

Continued and unattached machine defects may lead to repeated accidents. But victims of such situations should not be described as accident prone. Accident proneness is a psychological condition. It could arise from fears, anxieties, complexes and obsessions. These psychological factors destroy concentration at work. A person of such psychological condition is liable to get into accidents.

Types of accidents:

Accidents are of different types: Major or minor accidents or fatal or non fatal accidents. An accident that ends in death of a worker is called a major accident. A scratch or a cut which does not lead to disability of worker is called minor accident. Major accident either leads to fatal or disability. Accidents are also divided into temporary disability and permanent disability. A worker is disabled by injury for an hour or a day or a week and if he recovers from the disability it is called temporary disability. If he never recovers from his injury, it is called permanent disability.

Hiring process:

An efficient and effective hiring process is a step-by-step process for hiring a new employee, whereby an organization identifies its talent needs, recruits from its talent pool and eventually hires the most qualified candidates. Most companies have their own hiring processes. What follows are the most common steps in the hiring process across industry and regardless of company size. Keep in mind, however, that the specific details of the hiring process are unique to each company.

Steps of hiring process:

1. Identifying the hiring needs.
2. Devise a recruitment plan.
3. Write a job description.

4. Advertise the position.
5. Recruit the position.
6. Review applications.
7. Phone interview/ initial screening.
8. Interviews.
9. Applicant assessment.
10. Background check.
11. Decision.
12. Reference check.
13. Job offer.
14. Hiring.
15. Onboarding.

Steps in a Progressive Discipline Process:

1. Verbal warning.

This is typically the first step in the discipline process. In this step, employees should receive verbal warnings in private. The exact nature of what took place and why it is in violation of policy, or how it falls short of performance expectations, should be explained, along with corrective actions. HR should be notified of the warning.

2. Formal written warning.

This is often the second step in the discipline process. In this step, the manager or supervisor should use a write-up form to describe the incident and corrective actions. The employee should read the form and sign that they received it.

3. Formal disciplinary meeting.

This is usually the third step in the discipline process. In this step the employee, manager/supervisor, and an HR representative meet to discuss the problem. HR investigates the problem. The employee is informed that after this point punitive action may take place, up to, and including termination.

4. Suspension or loss of privileges.

This is typically the fourth step in the discipline process. In this step, the employee may receive penalties, such as a loss of certain privileges, suspension from some or all duties, a demotion, or other appropriate penalties.

5. Termination.

This is usually the final step in the discipline process. In this step, the employee is fired for continued violations. The final decision to terminate will be approved by an HR representative after an investigation to ensure fairness.

Final Thoughts:

Having a company disciplinary policy in place will take away a lot of uncertainty from employees, and help ensure that your company or organization has a fair process that treats everyone equally.

After lunch HR trainee moved to visit the plant. The supervisor Mr. Veeramani has guided all the trainees, how to maintain safety measures and about the manufacturing process and the strict regulations followed in weighing of all the required chemicals used in formulation. The next section started at 2:00pm which was handled by Mr. Sundar Raj, HR manager about his roles. At the end of the section Ms. Hasafia one of the HR trainee delivered vote of thanks. The section came to an end at 5:00pm in DCW private Ltd. The evaluation was held at 6:00pm in the presence of Adv. Krishna Prasad, the staff of department of social work. The HR trainee returned from thoothukudi to kaliyakkavilai at 10:30am on 19/11/2021.

Evaluation:

The study tour was in the alarming situation of COVID 19, therefore the trainees conducted the tour by obeying all the instructions of govt of India. The trainee faced challenges to get permission to visit the companies due to the expansion of COVID 19, that's why this tour scheduled for one day, otherwise it will be conduct for 15days.The department faculties and DCW company department staffs supported the trainees to conduct this study tour successfully. All the trainees were fully satisfied in the study tour and learnings.

Conclusion :

The study tour conducted from 17th Oct 2021 to 18thOct 2021 was a great experience to the trainee. The trainee could successsfully attain the framed goal that 'to study and Experience role HRM in companies. This was an Unforgettable and informative experience to the trainee. The HR trainee enjoyed the study tour and learned many Things that were discussed in the classrooms. The journey Was thought provoking, influencial and helpful for the to Trainee to learn HRM.
