|----------------------------|--|
| Programme specific outcome | <ul style="list-style-type: none"> • Demonstrate knowledge of the major texts and traditions of literature written in English in their social, cultural & historical context. • Prepare and deliver effective oral presentations and arguments acceptable within the English profession. • Write fiction or poetry of publishable quality. • Write papers that construct logical and informed arguments. • Analyze the functions of texts and their relation with historical, social & political contexts. • Analyze texts to achieve particular literary, rhetorical and aesthetic effects. |

Department of Mathematics

B.Sc. Mathematics

Programme specific outcome

- Think in a critical manner.
- Know when there is a need for information, to be able to identify, locate, evaluate, and effectively use that information for the issue or problem at hand.
- Formulate and develop mathematical arguments in a logical manner.
- Acquire good knowledge and understanding in advanced areas of mathematics and statistics, chosen by the student from the given courses.
- Understand, formulate and use quantitative models arising in social science, business and other contexts.

M.Sc. Mathematics

Programme specific outcome

- Understanding of the fundamental axioms in mathematics
- Capability of developing ideas based on them.
- Inculcate mathematical reasoning.
- Prepare and motivate students for research studies in Mathematics and related fields.
- Provide knowledge of a wide range of mathematical techniques and application
- Scientific and engineering domains.

Department of Physics

B.Sc&M.Sc Physics

Programme specific outcome

- Understand and appreciate the principles of physics and demonstrate knowledge of mechanics, optics, thermodynamics, electromagnetism, nuclear physics, solid state physics, spectroscopy and electronics
- Develop skills to comprehend and solve problems in physics
- Conceptualize and perform experiments and relate the results with theoretical predictions.
- Apply the knowledge of physics to solve present-day problems such as energy crisis and pollution.
- Communicate scientific knowledge effectively using technology.

Department of Chemistry

B.Sc. Chemistry

Programme specific outcome

- The students will learn the important analytical and instrumental tools used for practicing chemistry.
- To develop skills required for the qualitative analysis of organic compounds, determination of physical constants.

M.Sc. Chemistry

Programme specific outcome

- To build a scientific temper and to learn the necessary skills to succeed in research or industrial field.

Department of Computer Science

B.Sc. &M.Sc Computer Science

Programme specific outcome

- Demonstrate understanding of the principles and working of the hardware and software aspects of computer systems.
- Use professional engineering practices, strategies and tactics for the development, operation and maintenance of software.

Department of Zoology

B.Sc. Zoology

Programme specific outcome

- Students gain knowledge and develop skill over animal sciences, understands the interactions among various living organisms
- Students are able to study animals of different phyla, their distribution and their relationship with the environment
- Students are able to understand internal structure of cell, functions of various cellular organelles.
- Apply the knowledge and understanding of Zoology to one's own life and work
- Develops empathy and love towards the animals

Department of Physical education

B.Sc Physical education

Programme specific outcome

- On successful completion of the course students will demonstrate ethical and professional behavior.
- Engage with individuals, families, groups, and communities
- develop mastery over the advance knowledge of sports and games related activities
- provide guidance to practice various sports and games

DEPARTMENT OF BUSINESS ADMINISTRATION

BBA

Programme specific outcome

- Developing specific managerial skills to own or manage business activities.
- Demonstrate effectively the best solution through application of knowledge supported by an evaluation of collected data.
- Students have choices to pursue professional courses such as CA, M.COM, MBA, CMA, ICWA, CS, etc.
- Students are able to play roles of businessmen, entrepreneur, managers, consultant, which will help learners to possess knowledge and other soft skills

Department of Commerce

B.Com.

Program specific outcome

- To enable the students to learn about the functioning of a company.
- To familiarize the students with the banking activities.
- The students can able to acquire the skill of communication, problem solving, leadership quality, decision making in day to day business.
- Students can gain the knowledge of economics, law, organization, accountancy, auditing, business communication and marketing.

M.Com.

Program specific outcome

- The students can analyze their strength and weakness and hope in on the course of their choice and build a future career which best suits them.

Department of Social Work

M.S.W.

Programme specific outcome

- On successful completion of the programme the students will Demonstrate ethical and professional behavior.
- Engage with individuals, families, groups, organizations and communities
- Intervene with individuals, families, groups, organizations, and communities
- develop mastery over the advance knowledge of Social issues and theories related to social developments
- provide guidance and Counseling to the target individual/group/community
- To conduct research studies
